The Committee appointed by the town of Chelmsford to confer with the Revd Wilkes Allen concerning the dissolution of his pastoral relation with said town, and make arrangements therefor agreeably to his request, have attended to the service assigned them, and beg leave to submit the following — Report — viz —

The Committee waited up the Revd Mr. Allen to confer with him, and received from him a written Communication, herewith submitted, containing the following terms and conditions, upon which he proposes to dissolve his pastoral relation with this town — viz —

1 — That the town pay him five hundred dollars, ~~in full~~ the consideration for betterments made on the ministerial land, and for the depreciation of his Sallery —

2, That the dissolution of the civil Contract with this town shall take effect ~~at~~ the end of the present year of his ministry, which will be on the 18th of November next

3 — That the town be at the expense of a dismissing Council, to be called immediately —

Your Committee are of opinion that the foregoing propositions are just and equitable and that the Town aught to accept and agree to the same — They therefore recommend to the town, that they accept and agree to the same, and that provision be made to carry the same

into effect, by paying Mr. Allen two hundred and fifty dollars on the 15th of November, next, and the remainder at the end of six months from that time — and that a dismissing council be called as Mr. Allen shall request — all which is respectfully submitted

Committee

To the Committee appointed by the town to confer with me on the terms of my dismission

Under such pecuniary embarrassments, as rendered it impossible for me to discharge the duties of the ministerial office with that undivided attention & devotedness of heart, which the importance of the ~~office~~ sacred calling ~~demanded~~, I felt it my duty to make the solemn ~~request~~ of dismission. Tho I have no legal claim on the town for depreciations of my Salary; yet it seems to me, that on the principles of Justice & equity I have a right to some consideration.

The terms therefore which I have thot would be consistent with the principles of piety & virtue, as the basis & ground of the dissolution of the ministerial relation, are

1 That the town pay me ~~eight~~ five hundred dollars ~~as one half the consideration~~ for betterments made on the ministerial Land & for depreciations in my salary.

2 That the dissolution of the civil contract between me & the town shall take effect at the end of the present year of my ministry, which will be on the 16 of Nov. next.

3 That the town be at the expence of a dismissing council, to be called immediately.

I am, Gentlemen, your devoted servant

Report of the
Com^tee to confer
with Rev. Mr. Allen

Mch 28 1817

Chelmsford ~~Apr~~ 7 1817

Being informed that the town voted on the first monday in April, to give me five hundred dollars, on condition of my withdrawing my request for a dismission, & of my giving a receipt in full for all demands upon the town for betterments made on the ministerial land & depreciations in my salary, I do hereby signify my acceptance of the above said five hundred dollars as a full compensation for betterments made on said land, & depreciations in my Salary - & do withdraw my request for a dismission, & resolve to continue in the ministry in this place.

Recorded page 348

Chelmsford April 3 1824

To the members of the first congregational Society.

Understanding that you are about to make the usual grants for the support of public worship & instruction, I have felt it incumbent on me to make the following communication.

The last twenty years have been marked with greater depressions & elevations in the price of produce & in the articles of domestic consumption, than any equal period within the memory of the oldest among us. The changes, occasioned by the late war were exceedingly unfavorable to those supported by fixed salaries. I felt the pressure very sensibly, & was greatly relieved by the assistance you then afforded me. The peace & prosperity of the country since that period have caused a great change, which has an unfavorable bearing upon the agricultural interest. In addition to this, new & unexpected alterations in the circumstances of the town & society have incurred a necessary increase of expense, of which I am desirous in some way or other of bearing a part: altho.

I have found it necessary to make great exertions & use the utmost economy in order to meet the ~~necessary~~ current expenses of the year with my whole salary & have not been able to extricate myself entirely from debt.

Taking into view the situation of the town & society & the nature & tendency of the laws of the common wealth, regulating religious ~~societies~~ worship, it is apparent, that nothing can fix religious societies on a solid foundation, other they will not be liable to be affected by any changes whatever, but a fund, which shall diminish, & in time extinguish taxation. For such a fund you have a foundation already laid by the bequest of the late Mr. Ephraim Parkhurst of 450 dollars after the decease of his widow, & the tract of land, belonging to the society. The land is in a state of progressive improvement. & I hope to leave it in a condition, that will make it of very considerable importance to you in the future support of religious institutions. In this connection I would suggest, that in my opinion a young orchard of one or two acres set out immediately would very much enhance its value to those, who shall succeed me in the ministry; & that a contribution of young trees for this purpose by members of the society, who have

nurseries, would be of great public utility.

To carry forward the design of a permanent fund which shall place this society on an unshaken foundation I propose to appropriate one hundred dollars of my salary the present year, to be paid into the hands of a committee of trust, chosen by you for this purpose, to constitute with other property, that is, or may hereafter be at the disposal & for the use of this society for the support of public worship & instruction in this place a fund, the interest of which shall be annually added to the principal at direction of the society. +

Firmly believing, that we can leave no inheritance to our children & posterity so valuable as the secure & regular enjoyment of religious worship & ordinances I beg leave in conclusion to recommend to your consideration the subject of providing means by private association, subscription, or otherwise for an increasing fund, which shall prospectively but as ised to tra ation - be a common centre of attraction & bond of union to the present & all succeeding generations.

Devoutly praying that you may act with one heart & one voice in all things, relating to the common salvation of the gospel, I subscribe with much respect & affectionate concern for your religious interest yours devoted servant,

W. Allen

But if under existing circumstances it should be deemed inexpedient to raise the whole sum, it is my intention to relinquish for the present year one hundred dollars of my stated salary.

Rev. Nathan Allen's
Communication
Made April Meeting

and recd in Com-
Meeting
Albert Paul Abbott
Boston

To the first congregational society in Chelmsford

Whereas by the terms of my contract in 1803 it was stipulated that I should have liberty of absence two sabbaths in each year & whereas I have never availed myself of this privilege I would now request the favor of the society to allow me to be absent six Sabbaths the ensuing year at regular intervals - viz the ~~fourth~~ ~~second~~ Sabbath in ~~each~~ every other month, beginning in May next - it being understood that this arrangement shall in no way affect my sallary.

I am with much respect

Your devoted friend & servant

Your Committee have attended to the duty assigned them relative to a burying ground at North Chelmsford, & report as follows, In the opinion of your Committee, a piece of land, owned by William Adams, Esq, situate Southeasterly of the North Chelmsford Meetinghouse, is the most eligible; but upon application to Mr Adams, he declines to sell. Your Committee have examined another piece, owned by Mrs Tuck, situate Northwesterly of said Meetinghouse, on the Groton road, two acres of which Mrs Tuck will sell to the Town for two hundred dollars, with the agreement, on the part of the Town, to make & support a fence around the same. Your Committee have examined one other piece, owned by Mr Benjamin Blood, situate Easterly of said Meetinghouse, on the Lowell road, & adjoining land of Mr Samuel F. Wood, one acre & a half Mr Blood will sell to the Town at one hundred dollars an acre. And should the Town desire two acres, which, in the opinion of your Committee, is desirable, Mr Wood will sell half an acre, at the same rate, but with the agreement, on the part of the Town, to make & keep a good fence around the same. The Northerly side of which is fenced & will be kept fenced by the Rail Road Corporation. Your Committee know of no other piece of land, suitable for a burying ground, that can be obtained; They therefore report, that in their opinion, the Selectmen should be appointed a Committee to make a selection from said pieces of land, to establish the bounds & take a deed.

To the voters of the Town of Chelmsford:

Although deprived of the services of one of its members in the death of Albert P. Perham your committee, appointed to investigate the matter of a new cemetery location near the Centre Village, have attended to their duty and herewith submit the following report:

A tract of 10 to 12 acres situated between Littleton and Bridge streets, belonging to the Fiske heirs, has been examined and can be purchased for $1,000.

Another lot of about 10 acres, just east of the above and belonging to the heirs of the late Dr Levi Howard is offered for $2400.

A location has been examined, a greater portion of which belongs to the town. The balance adjoining it being owned by a Mrs. John Chain of Harrisville N.H. All situated at the junction of the roads leading to Billerica and East Chelmsford.

Other lots have been examined

which for various reasons proved undesirable

While the committee are favorably impressed with the Fiske lot, as to its natural beauty and proximity to the village, they look with more favor and recommend the lot already owned by the Town with the addition of a portion of the land owned by Mrs. Chain and bounded as follows: Commencing at the junction of her land with the Town land on the East Chelmsford road running easterly on said road about 300 feet, thence to the north-easterly bound of Town land; thence by Town land to point of bginning.

The Committee appointed to ascertain the expense of procuring Hooks & Ladders for the different Villages having attended to that duty make the following report –

We called on the fire department at Lowell & after making a selection of such articles as they considered the most adapted to our use & circumstances ascertained the probable expense of procuring them to be nearly as follows

3 Hooks & necessary apparatus	25.00
3 Ladders of suitable lengths	7.00
Building to preserve them in	10.00
	$ 42.00
	5
	$ 210.00

They considered these as necessary for each Village – for the 5 Villages the cost would be

The estimated expense for the buildings to keep the apparatus in is ~~merely~~ nominal – In some situations where a place can be attached to some other building perhaps the estimate may be a little too high ~~&~~ And in situations where a separate building would have to be erected it is quite too low – but as it was probable, in their opinion that in most cases a separate building would not be necessary, they have considered the above estimate to be not far from the actual cost –

Report of the Committee
on Hooks & Ladders

Accepted March 8
1847

To the Voters of the Town of Chelmsford, Mass.

At the last Annual Town Meeting held February14th. you appointed a Committee of seven men to consider the needs of the Town for fire protection, and also referred Articles #8 and #9 of the Town Warrant to the same Committee for their consideration. Said Committee to make their report and recommendations at a Special Town Meeting to be held not later than June 4th.

After a careful survey of existing conditions we find that our fire protection is far inferior to that of other towns of our size and valuation, and we feel that it is time to take a definite step toward better fire protection than we now have.

We have within our borders two separate Water Systems which cover the greater portion of our taxable property, but our methods of applying the water to a fire are necessarily slow owing to a poor fire alarm system and lack of motor apparatus.

Our present apparatus consists of four hand hose reels, one 40 Gallon Hand Chemical Tank mounted on wheels, three horse-drawn wagons, one two-horse ladder truck, one hand tub, beside some accessories. This apparatus is all old and not adapted to present day requirements.

The first step necessary, in our opinion, before making any expenditures of money is to place the care of property and responsibility for fire protection under some definite authority. Therefore our first recommendation is that the Selectmen forthwith appoint a Board of five Fire Engineers to reorganize the fire companies where necessary or advisable to meet new conditions, and to have full charge of all fire department matters as provided in Chapter #48, Section #45 of the General Laws.

Our fire houses are not as good as we ought to have, but we feel that owing to the high cost of building the houses now in use must with some repairs serve our present needs. The Committee feel that it is inadvisable to at present build a fire house at West Chelmsford as called for under Article #9 of the Annual Town Warrant.

The fire alarm system is a very important need toward adequate fire protection, but we feel that a regulation system is too expensive for present consideration. At North Chelmsford the Mill whistle can be used to good advantage. At the West village the citizens have installed an electric siren whistle. At the South and Centre villages we depend upon the church bell which will not give the instantaneous warning that the whistle and siren do. We feel that it would be money well spent to install at the Centre village an electric siren whistle at an expense not exceeding $500.00

Probably few of you realize that the average annual fire loss for the past few years was about $70,000.00 . Last year the fire loss was about $50,000.00 .

11.2b

Our recommendation is to install the urgent requirements now, and gradually develope the Department as needed in the future.

The plan that we recommend will be, in our opinion, effective, economical and advisable, and is as follows:-

The purchase of five pieces of Motor Apparatus at an expense of not exceeding $15,000.00 described thus - Two Motor Trucks of one to one and one half ton capacity - one of these to be a Triple Combination - the other to be a Double with two chemical tanks. The other three to be light Motor Trucks with Chemical Tanks.&c.

We further recommend that a permanent fireman be located at each, North and Centre, village, and that each be provided with a telephone.

We further recommend that $400.00 be provided for repairs to present fire department buildings, and that $2000.00 be provided for the maintenance of the department for the balance of this year providing our recommendations are adopted.

By having a competent Board of Fire Engineers, well organized Companies, the two permanent firemen with the recommended Motor Apparatus, and the fire alarm change, we can secure a better Insurance Classification, a better feeling of security among our citizens, and offer greater inducements for others to invest in Chelmsford property.

The committee to whom was referred the 2d article in the warrant for Nov. Meeting relative to a Hearse for the Baptist Village, & also for the centre of the town Report as follows

They have made enquiries and are satisfied that a Hearse is necessary at the Baptist Village for the convenience of the people in that vicinity

They have also examined the Hearse in the centre of the town and find it not worth repairing —

They have likewise made some enquiries as to the probable expense of procuring a Hearse or Hearses, & find that they can probably be obtained, constructed similar to the one at North Chelmsford for 100 dollars each — And for double runners for winter use from 25 to 30 dollars in addition. Making the whole cost with runners 125 dollars each.

Respectfully submitted by

Benj Dudley
E. F. Webster
Harvey Silver

Accepted with the restriction that runners shall be procured for only one Hears & that Reptin the center of the town

Your Committee appointed in 1898 to carry out the work of grading and putting in proper order the grounds about the Adams Library, beg leave to report that, after consulting with Mr Adams, the donor of the Library who had expressed a wish to have a stone curbing and concrete sidewalk about the grounds, they employed Mr. H. W. Turbel to do the work of grading &c. as far as the appropriation ($500.) would allow. From the grounds in front and at the sides of the building gravel was taken off to the depth of one foot which was replaced by 3 inches of clay and 9 inches of loam, which was properly graded seeded and shrubs planted. Expended as per Town Report. page 44. $497.75

Commonwealth of Massachusetts.

Office of the Secretary.

Boston, July 6, 1906.

AN ACT

To provide for licensing Dealers in Coal and Coke.

[Chapter 484, Acts of 1903, as amended by chapter 434, Acts of 1906.]

Section 1. It shall be unlawful for any person, firm or corporation to engage in or carry on the business of selling coal or coke, as principal or agent, in any city or town, at wholesale or retail, either by maintaining a place of business or by peddling the same from house to house, or otherwise, without first obtaining a license so to do from the secretary of the Commonwealth.

Section 2. [As amended by section 1, chapter 434, Acts of 1906.] The said license may be granted by the secretary of the Commonwealth for such period, and upon such conditions and terms as may be prescribed in cities by ordinance and in towns by by-laws, and upon the payment of such fees, not exceeding one dollar for each year of its continuance, as may be prescribed by the secretary.

Section 3. [As amended by section 2, chapter 434, Acts of 1906.] The said licenses may be suspended or revoked at any time by any justice of the superior court, after due hearing, upon complaint in such form as he may require, for using false weights or measures, for charging exorbitant or excessive prices, for conspiring, combining unlawfully with other persons, or unlawfully discriminating in the conduct of said business, or for any other just and sufficient reason.

Section 4. [Repealed by section 3, chapter 434, Acts of 1906.]

Section 5. It shall be the duty of any licensee as aforesaid to give public notice that he holds the license by displaying the word "licensed", and the number of his license at his place of business and on all vehicles employed by him in his business and in such other manner as the licensing authority may direct. It shall be unlawful for any such persons, firms or corporations not so licensed to designate himself as licensed or to use the word "licensed" upon any vehicle or in any place.

Section 6. Whoever violates any provision of this act shall be punished by fine of not more than fifty dollars, or by imprisonment for a term not exceeding six months, or by both such fine and imprisonment.

Wm M. Olin,

Secretary of the Commonwealth.

OFFICE OF THE SECRETARY

Boston, Aug. 18, 1906.

Town Clerk

Chelmsford Mass.

Your attention is called to chapter 434, Acts of 1906, amending chapter 484, Acts of 1903 (copy herewith), relative to the licensing of dealers in coal and coke, and you are hereby informed that the Secretary of the Commonwealth has established a fee of one dollar to be paid at this office annually during the continuance of all licenses issued under said act.

The licensees in the several cities and towns have been requested to return to this office for cancellation the licenses issued under the provisions of said chapter 484, upon the receipt of which, with the required fee, new licenses of the same numbers will be issued.

That you may be informed as to the licenses in force in the Town of Chelmsford you will be notified in each case of the receipt of the fee.

Permit me to suggest the desirability of action by the various cities and towns in the matter of prescribing conditions and terms for licenses, as provided in the second section of the act.

Commonwealth of Massachusetts.

In the Year One Thousand Nine Hundred and Three.

AN ACT

To provide for Licensing Dealers in Coal and Coke.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

Section 1. It shall be unlawful for any person, firm or corporation to engage in or carry on the business of selling coal or coke, as principal or agent, in any city or town, at wholesale or retail, either by maintaining a place of business or by peddling the same from house to house, or otherwise, without first obtaining a license so to do from the secretary of the Commonwealth.

Section 2. Such licenses shall be granted by the secretary of the Commonwealth for such periods and upon the payment of such fees, not exceeding five dollars, and upon such conditions and terms as may be prescribed in cities by ordinance and in towns by by-laws.

Section 3. The said licenses may be suspended or revoked at any time by the secretary of the Commonwealth, after a fair hearing given to the licensee, for using false weights or measures, for charging extortionate prices, for conspiring, combining unlawfully with other persons, or unlawfully discriminating in the conduct of said business, or for any other just and sufficient reason.

Section 4. Any licensee aggrieved by the suspension or revocation of his license may appeal to any justice of the superior court, who shall hear the parties as soon as may be, and whose decision sustaining, modifying or annulling the action of the licensing authority shall be final and binding upon all parties. Pending such appeal and a decision thereon the license shall continue in force.

Section 5. It shall be the duty of any licensee as aforesaid to give public notice that he holds the license by displaying the word "licensed", and the number of his license at his place of business and on all vehicles employed by him in his business and in such other manner as the licensing authority may direct. It shall be unlawful for any such persons, firms or corporations not so licensed to designate himself as licensed or to use the word "licensed" upon any vehicle or in any place.

Section 6. Whoever violates any provision of this act shall be punished by fine of not more than fifty dollars, or by imprisonment for a term not exceeding six months, or by both such fine and imprisonment.

COMMONWEALTH OF MASSACHUSETTS.

Middlesex, ss.

At a meeting of the County Commissioners for the County of Middlesex, holden at Lowell within and for said County, on the first Tuesday of September, in the year of our Lord one thousand eight hundred and ninety-eight,

The City Clerk of the city of Lowell and the town clerks of Chelmsford and Tewksbury in said County, by their petition to said Commissioners among other matters- pray that the places of meeting of the city and town clerks of the twenty-fifth and twenty-seventh Middlesex Representative Districts, for the purpose of ascertaining the result of elections, be changed as will more fully appear, reference being had to the petition filed of record in the case.

The petition was presented to the County Commissioners, at their meeting holden at Lowell, within and for said County, on the first Tuesday of September A.D. 1898, and at an adjourned meeting of said Commissioners to wit:- on this twenty-eighth day of October at said Lowell the said Commissioners after a hearing as provided in section 255 of chapter 548 of the Acts of the Legislature of 1898, do determine that the places of meeting should be changed, and do now designate the place of meeting of the Clerks of the several cities and towns of the said twenty-fifth and twenty-seventh districts to be at the City Hall in Lowell, in lieu of the places hitherto

established. And it is hereby ordered that a copy of this decree be given to the Secretary of the Commonwealth, and to every city and town clerk in the said districts.

Report of Committee on Records of the Soldiers of the Civil War

March 27 - 1899

Your committee is happy to report the completion of the work assigned them.

The names of the Soldiers, and other data, as recorded by the selectmen at the time of the war have been carefully verified, and corrected, by the chairman of the committee, from the official records at the Adjutant General's Office.

The results have been recorded in a book provided for the purpose, now in the custody of the Town Clerk. The date of enlistment of each soldier, or sailor, is given. the organization with which he was connected, his rank. the date and cause of discharge or death, and such other facts when obtainable as will serve to aid identification.

We are aware of imperfections in the work, inevitable where official records are often erronious.

No effort has, however, been spared

23.42

to secure the greatest possible accuracy, that no unnecessary injustice might be done the name of any who risked life, and health, to uphold the honor of the town and country, in that great cause.

Respectfully submitted

Henry S. Perham

Edward J. Robbins
Town Clerk.

23.11z

I move (On motion of _____voted) that the Town borrow the sum of twelve hundred dollars on a promissory note to be signed in its name and behalf by the Town Treasurer for that amount payable in three instalments of four hundred dollars each in one, two, and three years from the date of such note, with interest at a rate not exceeding five per cent. per annum; said sum, or so much thereof as is needed for the purpose, to be expended under the direction of the Selectmen in widening and constructing the West Chelmsford road between the LeDuc Place, so called, and the Groton road in accordance with the recent relocation thereof approved by the Town on the 25th day of March, 1901.

1901

In relation to the case of Mrs Hannah Proctor, Administratrix of the Estate of Elbridge Proctor, late of Carlisle, deceased, the Comte appointed by the Town would report,

That after mature consideration of the facts, as presented by those acquainted with the case, the Comte came to the unanimous conclusion, that the interest of the Town required not only prudent but prompt action. attention was therefore at once given the case by the members of the Comtt, without however any definite result; Mrs Proctor claiming $1000.00, and the Comtt after obtaining legal counsel, considering such a sum, under the circumstances, as exhorbitant, refused to accept her terms. the case therefore rested until a letter was recd from Mrs Proctor, dated August 28th 1862, again calling the attention of the Comtt to her demands, and as Mr I. R. Fletcher, the chairman who had thus far attended to the details of the case, had resigned, the papers were placed in the hands of H. W. B. Nightingale, through Major Jas Manning, his associate on the sub committee, notice was at once given Mrs Proctor, that in the course of a week or 10 days, the sub comtt would call on her, for the purpose, if possible, of effecting an equitable settlement. Sept 18th 1862, Major Manning & H. W. B. Nightingale called on her, at her residence in Carlisle, and after a free and full presentation and consideration of the

fact, as understood by the Comtt, she accepted their offer, viz $200.00, and gave a legal release of all claims, which she individually or as Administratrix of her husbands estate, had against the Town of Chelmsford.

By this settlement, the Comtt cannot but congratulate the citizens of the Town, that a troublesome matter has been finally disposed of. for while it was the opinion of the Comtt, sustained by the best legal counsel, that the Town was not liable under the circumstances, yet there were some doubts in the case, and these doubts would very naturally, if a trial was had, benefit her, who, whatever might have been the direct cause of her husbands death, could not but be regarded with sympathy and favor in her sad misfortune. Your Comtt therefore thought it best to pay Mrs Procter a sum, equal at least, to what it would have cost the Town simply to fee counsel in case of trial, and they have reason to believe, that with a correct knowledge of the facts, all must be led to the conclusion, that the matter has been equitably, and wisely disposed of.

The Selectmen, to whom was referred the article in the warrant for the November meeting, at the request of Rogers, Lawson & Co. have viewed the premises, and would submit the following report. We find that in consequence of the water running outside of the gutter leading to the mill pond, on the Southerly side of the road, a considerable quantity of dirt & gravel was washed into the pond, & some lands made out from the shore, a little more than a year since, when the roads were so generally injured by the severe rain. Previous to, & since that time, but comparatively a small quantity of dirt has found its way into the mill pond, perhaps as little as could be expected without a large expenditure of money, either in

paving all the gutters conducting water in that direction, or, ~~by~~ as the mill owners suggest, by constructing a covered drain throug or under the land of the ~~late~~ estate of Charles Swett, emptying into the brook below the mill dam, where the mill owners think little, or no damage would be done by filling up.
Either of these plans would involve the outlay of some two or three hundred dollars; & your committee think that by a judicious use of stone chips which are the only available stone material in the district, the difficulty, which is now, comparatively trifling, may be remedied in a few years.
The amount of filling up is very trifling comparatively, since the present drain was constructed, & we think that by proper attention to the ice & snow in the spring of the year, but little

injury will be done to the mill owners.

Head-Quarters, Boston, March 17, 1863.

GENERAL ORDER, No. 6.

The following Act having been passed by the Legislature, is published in General Orders from these Head-Quarters, and will be forwarded to the Mayors of Cities and Selectmen of Towns within this Commonwealth.

CHAPTER 79.

COMMONWEALTH OF MASSACHUSETTS.

IN THE YEAR ONE THOUSAND EIGHT HUNDRED AND SIXTY-THREE.

AN ACT IN FURTHER ADDITION TO AN ACT IN AID OF THE FAMILIES OF VOLUNTEERS.

Be it enacted by the Senate and House of Representatives, in General Court assembled, and by the authority of the same, as follows:—

SECT. 1. Any town or city may raise money by tax or otherwise, and if necessary apply the same under the direction of its selectmen, or city council, for the aid of the widow, children, parent, brothers or sisters of any inhabitant of said town or city, and upon whom they were dependent, who may have died while in the service of the United States: *provided*, said inhabitant were a volunteer duly enlisted and mustered into the service of the United States, and his wife, children, parent, brothers or sisters, were entitled, prior to the decease of said volunteer, to receive aid under the provisions of chapter sixty-six of the laws of the year one thousand eight hundred and sixty-two.

SECT. 2. Any town or city may raise money and apply the same in manner as provided in the first section of this act for the aid of the wife, children, parent, brothers or sisters of any inhabitant of said town or city, and upon whom they were dependent, who may have been disabled while in the service of the United States, and discharged from said service by reason of any disability contracted in or caused by said service, thereby rendering said inhabitant unable to provide for those dependent upon him: *provided*, that said inhabitant were a volunteer duly enlisted and mustered into the service of the United States, and his wife, children, parent, brothers or sisters were entitled, prior to his said discharge to receive aid under the provisions of chapter sixty-six of the laws of the year one thousand eight hundred and sixty-two; and *provided, also*, that the provisions of this section shall apply to the widow, children, parent, brothers or sisters, of any such volunteer deceased after his discharge, by reason of disability or disease contracted while in the service.

SECT. 3. All the provisions of the fourth and fifth sections of chapter sixty-six, of the laws of the year one thousand eight hundred and sixty-two, concerning the reimbursement of money from the state treasury and annual reports to the auditor, shall be applicable to the money applied under the provisions of this act.

SECT. 4. No sums shall be so applied to the widow, wife, children, parent, brothers or sisters, of any such deceased or disabled volunteer for a period of more than one year, or after the payment to them, or either of them, of any sums under the provisions of the pension act of Congress, passed July fourteenth, in the year one thousand eight hundred and sixty-two; and if any town or city has furnished aid to the widow, wife, children, parent, brothers or sisters, of any such deceased or disabled volunteer prior to the passage of this act, the time during which said aid has been furnished shall be included in computing the period of one year, and said town or city shall have the same right of reimbursement as in cases of aid furnished after the passage of this act. And the word "children" in this act, and in all acts to which this is in addition, shall be construed to include step-children.

SECT. 5. This act shall take effect upon its passage.

Approved March 12, 1863.

By order of His Excellency JOHN A. ANDREW, Governor and Commander-in-Chief.

WM. SCHOULER, ADJUTANT-GENERAL.

Oct. 28th 1852.

26.3

The Committee of Conference in reference to the subject of this division of the town, appointed for the southerly section of the town make the following Report — That the two Committees met at the town Hall on Friday the 5th instant, and after organising, this Committee received from the Committee of the Northerly section the following Communication — "Resolved, that, in the opinion of this Committee, the town should build a town house at North Chelmsford, suitable for town purposes, and in consideration thereof no efforts should be made by individuals for a division of the town." —

After the interchange of several notes, and some verbal conversation & explanations, the final result of the conference, seems to be this — That if the town will appropriate ~~a the same~~ sum not exceeding which that the town Hall in the centre cost, towards the construction of a suitable building at North Chelmsford for town purposes, and will hold the regular Spring & fall Elections each alternately at that place & in the centre,

and will also hold one other town meeting in each year at that place, as circumstances may require, or as may be agreed upon hereafter, & in that case, no efforts shall be made to procure a division of the town

The committee might perhaps stop here, & excuse themselves from any further duty. But, considering the importance of the subject in its present form, growing as it does out of the vexed question of a division of the town, and intended as a final adjustment of that question, they have felt that they should not do justice to the subject or, to the parties concerned, by dismissing it in this summary manner — Although they do not apprehend any danger of a division of the town's ever taking place, so long as the southerly section shall oppose it. Still the continued agitation of that subject is fraught with many evils, as well as being attended with no inconsiderable expense — And to suffer a division to take place, they conceive, would be to inflict permanent injuries on all sections of the town; and injuries of such a nature that no after considerations or arrangements can afford any adequate compensation or redress — They likewise consider,

that, owing to the isolated position of the three Villages in the Northerly sections of the town, necessarily imposing on them some burdens not borne by other sections, that they are entitled to some consideration —

The Committee are therefore unanimously of the opinion that, if the foregoing arrangement shall be considered as a final adjustment of the question of a division of the town, expediency and sound policy, equally require its adoption — They therefore recommend the foregoing propositions to the favorable consideration of the town

Chelmsford Nov. 8 - 1842

Respectfully submitted

To the Board of Aldermen:

The Committee on Perambulation of the boundary line between ~~of the Board of Aldermen of the City of Lowell, to whom was referred the~~ the Town of Chelmsford and the City of Lowell,

have attended to the business committed to them, and

REPORT:

That on the 12th day of September, 1904, your Committee met a Committee of the Selectmen of the Town of Chelmsford, and with them perambulated the boundary line between the Town of Chelmsford and the City of Lowell, and verified the monuments thereon as follows:-

Beginning at a stone post marked "C" and "L" on the westerly bank of Concord River; thence westerly to a stone post marked "C" and "L" at the westerly line of Gorham Street; thence in the same direction to a stone post marked "C" and "L" at the westerly line of Carlisle Street; thence in the same direction to a stone post marked "C" and "L" on the easterly side of Boston Road; thence in the same direction to a stone

post marked "C" and "L" about one hundred thirty-eight (138) feet east of Chelmsford Street; thence at an angle northwesterly to a stone post marked "C" and "L" on the westerly side of Chelmsford Street; thence in the same direction about one hundred forty (140) feet to a stone post marked "C" and "L"; thence at an angle northwesterly to a stone post marked "C" and "L" at the westerly line of Stedman Street; thence in the same direction to a stone post marked "C" and "L" at the angle of the roads near the house of Cornelius Leary; thence northerly to a stone post marked "C" and "L" at the southerly line of Princeton Street; thence in the same direction to a stone post marked "C" and "L" on the northerly side of Middlesex Street; thence in the same direction to a stone post marked "C" and "L" near the southerly bank of Merrimack River.

Your Committee and the Committee of the Selectmen of the Town of Chelmsford hereby certify that the above named monuments are plainly marked and in good condition, with the following exceptions:-

The stone post at the starting point on the bank of Concord River is out of position and needs resetting. The bound at Carlisle Street is a very small, short bound and should be replaced with a larger post. The bounds on both sides of Chelmsford Street should be reset, as they are leaning and out of position. The bound at Chelmsford Street, owing to a change in the line of the street, is nearly covered up and should be raised.

Your Committee and the Committee of the Selectmen of the Town of Chelmsford recommend that the above changes be made, and that the City Engineer be instructed to do the work, the expense of the

same to be divided between the City of Lowell and the Town of Chelmsford.

Respectfully submitted,

Proper Form for Petition for Recount.

TOWN OF Chelmsford, Nov. 9, 1905.

TO THE TOWN CLERK:

We, the undersigned, registered voters of said Town of Chelmsford, represent that we have reason to believe and do believe that the returns of the Election Officers of said Town of the votes cast at the Election on Tuesday, Nov. 7, 1905, for Lieutenant-Governor are erroneous, in this respect: That Eben S. Draper of Hopedale was credited with more and Henry M. Whitney of Brookline with less votes than were actually cast for them; and we believe a recount of the votes cast in said town will affect the election of one or more candidates at such election. We therefore ask that the votes cast for said Draper and Whitney, candidates for Lieutenant-Governor, as aforesaid, be recounted.

THIS PETITION MUST BE SIGNED IN PERSON BY TEN REGISTERED VOTERS OF THE TOWN.

	Name.	Residence, May 1. Give Street and Number, if any.

TOWN OF CHELMSFORD TRANSMISSION LINE FRANCHISE

PETITION OF NEW ENGLAND POWER COMPANY.

TO THE SELECTMEN OF THE TOWN OF CHELMSFORD.

Respectfully represents New England Power Company that it is a company incorporated under the laws of Massachusetts, and authorized to generate, transmit and distribute electricity, and that in accordance with such authority it desires to construct, maintain and operate transmission lines for the transmission of high and low tension electric current and for telephone use, across the public highways in the Town of Chelmsford, hereinafter named: -

Wherefore your Petitioner prays that, after due notice and hearing as provided by law, it be granted locations for and permission and consent to construct, maintain and operate such transmission lines; the wires to be strung across said public highways between towers or poles located on private property. The names of the highways crossed and of the abutting owners, as determined by the last preceding assessment for taxation, being as follows:

HIGHWAYS	PROPERTY OWNERS
No. 1 Highway	William T. Wilkin and Hattie E. Johnson to Hattie E. Johnson
No. 2 Highway	Hattie E. Johnson to Frank C. Byam and Hans Johnson
No. 3 Chelmsford to South Chelmsford	Celia B. Park to Edgar B. Lapham
No. 4 Highway	Edgar B. Lapham and Otis D. Brown to William Z. Dupee et ali.
No. 5 Littleton to Chelmsford (State Highway)	William Z. Dupee et ali to William Z. Dupee et ali

Middlesex, ss. *To* Benjamin F. Hodges

a Highway Surveyor of the town of Chelmsford in the county of Middlesex, GREETING.

In the name of the Commonwealth of Massachusetts; you are required to collect of the several persons named in the list herewith committed unto you, each one his respective proportion therein set down, of the sum of Seven hundred dollars, voted by the inhabitants of said town on the first Monday of March last, for repairing and amending the high-ways, town-ways, and bridges in said town.

You first having given seven days notice to the several persons herein named, to expend the amount of their respective taxes in such labour and materials as you may judge necessary for the purpose aforesaid, within the limits assigned you as Surveyors of Highways by the Selectmen of said town for the present year. And you are to allow the several persons for work and labour according to the vote of the town, as follows, to wit: —

For a man 12½ cents an hour.
For oxen and cart 17½ cents an hour.

And you are to cause one half of said sum at least, to be expended as aforesaid on or before the first day of July next, and the residue, before the first day of November next.

And you are to make an exhibit of this warrant, with your doings thereon, to the Selectmen or Assessors on the first Monday of July next, and to complete and make up an account of your collections of the whole sum, on or before the first day of March; and if any person shall refuse or neglect to pay the sum he is assessed in the said list, to distrain the goods or chattels of such person to the value thereof; and the distress so taken, to keep for the space of four days, at the cost and charge of the owner; and if he shall not pay the sum so assessed within the said four days, then you are to sell, at public vendue, the distress so taken, for the payment thereof, with charges; first giving forty-eight hours' notice of such sale, by posting up advertisments thereof in some public place in the town, and the overplus arising by such sale (if any there be besides the sum assessed,) and the necessary charges of taking and keeping the distress, you are immediately to restore to the owner; and for the want of goods or chattels whereon to make distress (besides tools or implements necessary for his trade or occupation, beasts of the plough necessary for the cultivation of his improved lands, arms, utensils for house-keeping necessary for upholding life, bedding and apparel necessary for himself and family,) for the space of twelve days, you are to take the body of such person, so refusing or neglecting, and him commit unto the common gaol of the county, there to remain until he pay the same, or such part thereof as shall not be abated by the Assessors, for the time being, or the County Commissioners for the said county.

Given under our hands and seals at said Chelmsford, by virtue of the vote of the town aforesaid, this Nineteenth day of May, A. D. 1845

Know all men by these presents that we A. L. Brooks, Wm. C. Brooks & G. W. Shattuck of Lowell in the County of Middlesex and Commonwealth of Massachusetts, merchants, are held and firmly bound unto the inhabitants of the town of Chelmsford, in the County of Middlesex & Commonwealth of Massachusetts in the sum of ten thousand dollars to be paid to the said inhabitants of said Chelmsford, or their successors & assigns, to which payment, well and truly to be made, we do jointly and severally bind ourselves, our heirs, executors and administrators firmly by these presents.

In witness whereof we have hereunto set our hands and seals this day of in the year of our Lord one thousand eight hundred and fifty-four.

The conditions of this obligation are such that whereas the said A. L. Brooks, Wm. C. Brooks & G. W. Shattuck have asked permission to take up & relay the covering of the culvert over Black-brook, so called, in said town of Chelmsford, on the road leading from Middlesex Village to Lowell, so as to make a passage-way for their logs from one part of said brook to the other, which permission has been granted by N. B. Edwards, Jabez Stevens & David Perham, Selectmen of said Chelmsford, and whereas the said A. L. Brooks, Wm. C. Brooks & G. W. Shattuck have agreed to hold the

inhabitants of said Town of Chelmsford harmless in case of any accident or damage to any person or parties while the said covering to said culvert is being taken up and relaid, or in consequence of said taking up and relaying; now therefore if the said A. L. Brooks, Wm. C. Brooks & G. W. Shattuck shall well and truly indemnify and forever save harmless the said inhabitants of said Chelmsford from and against all costs and claims for damages arising in consequence of said taking up and relaying of said culvert, and shall leave said culvert & the road over the same completed in a thorough and workmanlike manner, to the acceptance of the said selectmen or their successors in that office, and shall pay them, the said Selectmen whatever expense they may be at in consequence of said taking up and relaying said culvert, then this obligation shall be void of no effect: otherwise to remain in full force, power and virtue.

MIDDLESEX, ss. At a meeting of the County Commissioners for the County of Middlesex, holden at Concord within and for said County of Middlesex, on the first Tuesday of June A. D. 1854 and by adjournment on the 17th day of July AD. 1854

THE Petition of Jesse Coburn for a new highway in Chelmsford

This petition was presented to the County Commissioners at their meeting, holden at Cambridge within and for said County, on the first Tuesday of January last, as by the record thereof and the order of notice therein, there entered, is at large set forth; and thence said petition was continued to this time

And now the said Commissioners make return of their proceedings in the premises, which return follows in these words.

COMMONWEALTH OF MASSACHUSETTS.

MIDDLESEX, ss. Pursuant to the Petition of Jesse Coburn ~~and others~~, and to the law in such case made and provided, the County Commissioners for said County, having given all persons and corporations interested therein seasonable notice as the law directs, met at the dwelling house of L. Fiddler in Tyngsborough on the seventh day of April in the year eighteen hundred and fifty four, and proceeded, the Selectmen of Chelmsford being present (and no person appearing to oppose or object) to locate the highway prayed for in said petition in Chelmsford as follows— to wit— Beginning at a stake on the westerly side of the Nashua Road at the easterly termination of road laid out this day in Tyngsborough and Chelmsford on petition of L. Bennett, thence easterly in same course with said Tyngsborough and Chelmsford road across said Nashua road forty two feet to a stake at the easterly side of said Nashua Road and at the westerly corner of land of L. Fiddler— thence easterly at an angle (southerly) with the last described line of one hundred sixty six degrees and twenty minutes (166° 20') one hundred and fifty seven feet (157) on land of Lewis Fiddler— thence in the same course four hundred and ten feet (410) on land of S. Tyler Fletcher to a stake on the westerly side of Nashua Turnpike (so called)— The above described lines

and boundaries to be the westerly line of the road
and the road to be three rods wide

And the said Commissioners determine and order, that the inhabitants of the said town of Chelmsford

shall, on or before the first day of October which will be in the year 1855 lay open, construct, and complete said highway,

so that twenty five feet in width thereof throughout the whole, exclusive of gutters on the sides, shall be safe and convenient for the passage of Oxen, Horses, Carts, Wagons, Carriages, and Teams of every description, with customary loads. The centre of the travelled part shall be the centre of the location. The form and manner of construction shall be as follows: All stumps, stones, and other obstructions shall be removed from every part of the same to the width aforesaid; and so shaped that the centre shall be twelve inches higher than the sides by a circular, curved surface; all small inequalities shall be reduced to a level, or a regularly inclined plane, and greater rises and hills, to an angle not exceeding two degrees with the horizon; drains, sluices, and bridges constructed of stone, and of sufficient capacity, shall be made at all places necessary for conducting away the water; swampy and soft bottoms shall be raised at least ——— feet; and twelve inches on the surface of the whole part to be travelled upon shall consist of gravel or other materials, which shall be permanently hard;

Where excavations are necessary, the banks on the sides shall not make a greater angle than forty five degrees with the horizon; railings shall be erected at all steep and dangerous places; and permanent stone monuments shall be placed at each end and at each angle in the above described line

and the whole shall be done in a workmanlike manner, to the acceptance of said Commissioners.

And said Commissioners estimate the expense of making said highway in the town of Chelmsford at ——

And the proprietors or occupants of the lands, over which said highway ——— is thus laid out, are allowed until the first day of ——— next to remove therefrom any wood, timber, or trees.

And said Commissioners having heard the proprietors of said lands by themselves or their agents, on the subject of damages by them sustained by reason of laying out said highway, have estimated the same as follows, to wit:

In witness whereof, we, the said County Commissioners, have hereunto set our hands this seventeenth day of July ——— in the year eighteen hundred and fifty four

Leonard Hurlbut
D. S. Richardson
J. B. Going

And the said Commissioners order, that the highway described in said return be, and the same is hereby established, as and for a public highway and that the same be recorded to the end that the same may hereafter be known as such.

And the said Commissioners further order, that the said several sums of money estimated as damages to the said persons, by reason of the premises, be paid to them respectively out of the County Treasury, when they shall present to the County Treasurer a certificate signed by the Selectmen of the town in which the land lies, that the land over which said highway is located has been entered upon and possession taken for the purpose of constructing said highway.

THE Petition of Zephaniah Bennett and others, for a new highway in Tyngsborough and Chelmsford

This petition was presented to the County Commissioners at their meeting, holden at Concord within and for said County, on the first Tuesday of June 1853 ~~last~~, as by the record thereof and the order of notice therein, there entered, is at large set forth; and thence said petition was continued from time to time to the Meeting of said Commissioners holden at Cambridge within & for said County of the first Tuesday of January last when and where the said Commissioners did adjudge the highway as prayed for, was of common convenience and necessity and then said petition was continued to this time

And now the said Commissioners make return of their proceedings in the premises, which return follows in these words.

COMMONWEALTH OF MASSACHUSETTS.

MIDDLESEX, ss. Pursuant to the Petition of Zephaniah Bennett and others, and to the law in such case made and provided, the County Commissioners for said County, having given all persons and corporations interested therein seasonable notice as the law directs, met at the house of Lewis Reddin in Chelmsford on the seventh day of April in the year eighteen hundred and fifty four, and proceeded, the Selectmen of Chelmsford by one or more of their number and a Committee chosen by the Town of Tyngsborough also being present, after hearing all persons who desired to be heard, proceeded to locate the highway prayed for, in said petition in Tyngsborough and Chelmsford as follows — viz — Beginning at a stake on the Easterly side of "Cummings Road" so called in Tyngsborough, and at the westerly corner of land of Nathan Gibson, & thence running Easterly at an angle with the easterly line of Cummings road of forty seven degrees and thirty eight minutes (47° 38') three hundred and sixty two feet (362) by said Gibson's land, to a stake — thence in the same course five hundred and fifty three feet (553) by land of Allen Warden to a stake — thence still in same course by land of Wm. Fredericks nine hundred and ninety-five feet (995) to a stake — thence more easterly and at an angle with the last described line of

one hundred and fifty four degrees and twenty minutes.
(154° 20') three hundred and sixty one (361) feet over land
of Wm Frederick to the town line between Tyngsborough
and Chelmsford — thence in the same course over land
of the same Frederick, in the Town of Chelmsford ten feet to
a stake at the Nashua Road — The above lines and
boundaries to be the southerly line of the road — and the
road to be two rods wide to the angle on Fredericks
land or the point where this line leaves the town road, and
also to this point or angle this highway is laid over a town
-way — To be two rods wide at the aforesaid angle or
point and diverge to forty nine and one half (49½) feet to the
Easterly terminus at the Nashua Road

And the said Commissioners determine and order, that the inhabitants of the said towns of Tyngsborough and Chelmsford

shall, on or before the first day of May next which will be in the year 1855 lay open, construct, and complete said highway,

so that twenty feet in width thereof throughout the whole, exclusive of gutters on the sides, shall be safe and convenient for the passage of Oxen, Horses, Carts, Wagons, Carriages, and Teams of every description, with customary loads. The centre of the travelled part shall be the centre of the location. The form and manner of construction shall be as follows: All stumps, stones, and other obstructions shall be removed from every part of the same to the width aforesaid; and so shaped that the centre shall be twelve inches higher than the sides by a circular, curved surface; all small inequalities shall be reduced to a level, or a regularly inclined plane, and greater rises and hills, to an angle not exceeding three degrees with the horizon; drains, sluices, and bridges constructed of stone, and of sufficient capacity, shall be made at all places necessary for conducting away the water; swampy and soft bottoms shall be raised at least three feet; and twelve inches on the surface of the whole part to be travelled upon shall consist of gravel or other materials, which shall be permanently hard;

Where excavations are necessary, the banks on the sides shall not make a greater angle than forty five degrees with the horizon; railings shall be erected at all steep and dangerous places; and permanent stone Monuments shall be placed at each end and at each angle in the lines described — And the way shall conform to a plan of the same made by Swan & Straw Engineers

and the whole shall be done in a workmanlike manner, to the acceptance of said Commissioners.

And said Commissioners estimate the expense of making said highway in the town of Tyngsborough at One hundred Dollars in the Town of Chelmsford at twenty Dollars

And the proprietors or occupants of the lands, over which said highway as above described is thus laid out, are allowed until the first day of September next to remove therefrom any wood, timber, or trees.

And said Commissioners having heard the proprietors of said lands by themselves or their agents, on the subject of damages by them sustained by reason of laying out said highway, have estimated the same as follows, to wit:

To Mr Frederick sixty dollars $60.00

In witness whereof, we, the said County Commissioners, have hereunto set our hands this Seventeenth day of July in the year eighteen hundred and fifty four

Leonard Huntress
D. S. Richardson
J. R. Going

And the said Commissioners order, that the highway described in said return be, and the same is hereby established, as and for a public highway and that the same be recorded to the end that the same may hereafter be known as such.

And the said Commissioners further order, that the said several sums of money estimated as damages to the said persons, by reason of the premises, be paid to them respectively out of the County Treasury, when they shall present to the County Treasurer a certificate signed by the Selectmen of the town in which the land lies, that the land over which said highway is located has been entered upon and possession taken for the purpose of constructing said highway.

MIDDLESEX, SS. At a meeting of the County Commissioners for the County of Middlesex, holden at Lowell within and for said County of Middlesex, on the first Tuesday of September A. D. 1860

THE Petition of Levi P. Fletcher and others Inhabitants of the Towns of Groton, Westford and Chelmsford

This petition was presented to the County Commissioners at their meeting, holden at Cambridge within and for said County, on the first Tuesday of January last, to wit, at the adjournment of said Meeting, at the same place, on the twenty fourth day of the same January

and thence said petition was continued to this time

And now the said Commissioners make return of their proceedings in the premises, as follows:—The County Commissioners for said County, having given all persons and corporations interested therein seasonable notice, as the law directs, met at the Westford Depot in Westford on the twenty fourth day of July in the year eighteen hundred and ~~fifty~~ sixty and proceeded to locate the highway prayed for in the above named petition, namely— Beginning at a bound on the highway about one rod Southeasterly from an Elm-tree near the Southeasterly Corner of the dwelling house of Joshua Deculter in Westford— thence N. 62° E. 453 ft. over land of Joshua Deculter to a bound— thence N. 55¾° E. 742½ ft. over land of Levi P. Fletcher and W. Taylor to a bound— thence N. 39½° E. 709½ ft. over land and land of W Taylor to a bound— thence N. 29¾° E. 1369½ ft over land of Wm. Agnew to a bound— thence N. 34¾° E. 455½ ft. over land of Levi P. Fletcher to a bound— thence N. 50° E. 308 ft. over land of said Fletcher to a bound, ~~thence N. 50° E. 308 ft. over land of said Fletcher to a bound~~ thence N. 56° E. 351½ ft over land of said Fletcher to a bound— thence N. 68° E. 732 feet, over a road and land against land of said Fletcher to a bound— thence N. 52¼° E. 1320 ft. over land of said Fletcher, and passing the boundary line between Westford and Chelmsford to a bound—

thence N. 84° E. 1226⅓ ft. over land of Levi S. Fletcher to a bound — thence N. 75½° E. 563 feet over land of Mr Mills to a bound in the highway leading from West Chelmsford to Chelmsford — thence N. 87° E. 1325 ft. over land of W. R. Thompson and Gilman Shaw to a bound — thence N. 76⅓° E. 946 ft. over land of Robert Sewel and Joseph Read to a bound — thence N. 73° E. 368 ft. over land of said Read and N. & E. G. Spaulding to a bound — thence N. 71° E. 2223 ft. over land of said Spaulding and Francis Parker to a bound — thence N. 89° E 224½ ft. over land of said Parker to a bound — thence S. 71° E. 150 ft. on the old road against land of said Parker and E. F. Richardson to a bound — thence S. 62° E. 500 ft. on old road against land of said Edw. F. Richardson to a bound — thence S. 65° E. 300 ft. on said old road against land of said Richardson to a bound — thence S. 73¾° E. 443 ft. over said old road against land of said Richardson to a bound — thence N. 75° E. 516½ ft. over land of said Richardson to a bound — thence N. 83½° E. 476¾ ft. over land of said Richardson to a bound at the junction of the above described new street with the highway leading to Lowell.

The above described line is the northerly line of said new highway, and the opposite or southerly line is three rods, or 49½ ft. distant therefrom.
The above description is intended to conform to a plan of the newly located highway drawn by Luther Prescott Esq. of Westford.

And the said Commissioners determine and order, that the inhabitants of the said towns of Westford and Chelmsford shall, on or before the first day of July which will be in the year 1861 lay open, construct, and complete said highway, so that twenty four feet in width thereof throughout the whole, exclusive of gutters on the sides, shall be safe and convenient for the passage of teams of every description, with customary loads. The centre of the travelled part shall be the centre of the location. The form and manner of construction shall be as follows: All obstructions shall be removed from every part of the same to the width aforesaid; and so shaped that the centre shall be fifteen inches higher than the sides by a circular, curved surface; all small inequalities shall be reduced to a level, or a regularly inclined plane, and greater rises and hills, to an angle not exceeding 3½ degrees with the horizon; drains, sluices, and bridges constructed of stone, and of sufficient capacity, shall be made at all places necessary for conducting away the water; swampy and soft bottoms shall be raised at least four feet; and twelve inches on the surface of the whole part to be travelled upon shall consist of gravel or other material which shall be permanently hard; and permanent stone monuments shall be placed at each end, and at each angle, in said described line:—

Where excavations are necessary, the banks on the sides shall not make a greater angle than forty five degrees with the horizon; railings shall be erected at all steep and dangerous places;

and the whole shall be done in a ~~workmanlike manner, to the acceptance of said Commis~~sioners. And said Commissioners estimate the expense of making said highway
in the town of Westford at $600.
" " " " Chelmsford at $1200.

And the proprietors or occupants of the land, over which said highway is thus laid out, are allowed until the ~~first~~ 20th day of November next to remove therefrom any wood, timber, or trees. And said Commissioners having heard the proprietors of said lands by themselves or their agents, on the subject of damages by them sustained by reason of laying out said highway, have estimated the same as follows, to wit:

J. Decatur	$25.	J. Reed	50.
Mr Mills	50.	A & E. Spaulding	250.
R. Sord	5.	F. Parker	200.
W. K. Thompson	25.	E. Richardson	100.
G. Shaw	100.		

IN WITNESS WHEREOF, we, the said County Commissioners, have hereunto set our hands this Sixteenth day of October in the year eighteen hundred and ~~fifty~~ sixty,

P. H. Sweetser
Leonard Huntress
E. J. Collins

And the said Commissioners order, that the highway described in said return be, and the same is hereby established, as and for a public highway and that the same be recorded to the end that the same may hereafter be known as such

And the said Commissioners further order, that the said several sums of money estimated as damages to the said persons, by reason of the premises, be paid to them respectively out of the County Treasury, when they shall present to the County Treasurer a certificate signed by the Selectmen of the town in which the land lies, that the land over which said highway is located has been entered upon and possession taken for the purpose of constructing said highway.

Com^th^ vs Inhabitants
of Chelmsford

~~Chelmsford Nov. 16 1876~~

The Committee chosen by the Town at ~~their~~ its Meeting on the 6th day of November instant to take into consideration the Report of the Selectmen of the laying out of a highway from near the house of Horatio Marshall in East Chelmsford, to a point near Michael Brady's, have been upon the ground and carefully examined the same and critically examined into the circumstances connected therewith pro and con, would report that they have estimated the land damages and cost of construction at nine hundred and forty three dollars ($943) being thirty three dollars higher than that made by the Selectmen.

It is a principle that has been acknowledged and long established that individuals locating

themselves aloof from public highways, do so without any claim upon the liberality of that public for road accommodations, and that whatever accommodations they may require must be purchased at their expense.

It is true that in prospective increase to the population or wealth of a Town it may be justified in partially relieving such persons by joining in the outlay necessary for their accommodation.

Hence it is necessary to be extremely cautious and consider what sort of population is likely to be introduced by such improvements as desired, else a Town might assume an outlay that would cause an immigration of a class of people that they would not be willing to receive on any terms.

This would be like paying a Bonus for an article which was worse than

useless, which no Town nor individual should do. The Committee do not see fit to give an opinion of the character of that class that might be introduced in the present instance leaving the Town to judge for itself.

One objection to the proposed location in the minds of the Committee is, that it embraces but about one half the route prayed for in the original prayer of the petitioners, thus in obtaining a part, will lead to further claims from the petitioners highly detrimental to the interest of the Town.

All this outlay will be for the accommodation of about six families, one of which is violently opposed to the location of the road. These families it is ascertained from the Collector's book pay a money tax of only

thirty dollars and nine cents ($30.09) and a probable Road tax of about three dollars ($3.00)

These families have always had a right of way out to the great road leading from Lowell to Billerica, which is as good as our Cross roads would average.

The Committee ~~think~~ think that some consideration might justly be made by the Town to these families, such as permitting them to expend their road tax on this bridle way, or in some other way that the Town might prescribe.

Another consideration that has much weight in the minds of the Committee is, that

there are several other families scattered over that section of the Town and aloof from any public road that could not use this proposed road for egress and would have the same claim on the Town for accommodation as those under consideration.

The foregoing are a few of the many reasons that induce the Committee to Report to the Town that in their opinion, the Report of the laying out of the aforesaid Road by the Selectmen, should not be accepted.

COMMONWEALTH OF MASSACHUSETTS.

Middlesex, ss.

At a meeting of the County Commissioners for the County of Middlesex, holden at Cambridge within and for said County, on the first Tuesday of January, in the year of our Lord one thousand eight hundred and ninety-five,

Fisher A. Pearson and others of Lowell and Chelmsford in said County, by their petition to said Commissioners - among other matters - pray for a State highway from the junction of Princeton and Wilder streets in Lowell to the junction of the roads at or near the Adams House in North Chelmsford - as will more fully appear, reference being had to the petition filed of record in the case.

The petition was presented to the County Commissioners, at their meeting holden at Lowell, within and for said County, on the first Tuesday of September A. D. 1893 - to wit by adjournment at Cambridge on Dec. 26, 1893 and after due notice to all persons and corporations interested and a full view of the premises and hearing as required by law - did at their meeting holden at Cambridge on the first Tuesday of January 1894 - to wit on the 3rd. day of April 1894 adjudge said highway to be of common conven-

PARCHEMIN

ience and necessity - and thence said petition was continued from time to time -

And now the said Commissioners make return of their proceedings in the premises, as follows: The County Commissioners for said County, having given notice as the law directs, met at the Court House in Lowell in said County, on the sixteenth day of May in the year eighteen hundred and ninety-four, when and where the parties appeared, to wit, the petitioners by James T. Smith and no person appeared to object

And the premises having been examined, and all parties fully heard said Commissioners proceeded to lay out said highway and the following description is a true description of said highway as hereby laid out and ordered.

The Southerly line beginning at a stone bound in the City of Lowell on the southerly line of Princeton Street, said bound being at the termination of a curve connecting the said southerly line with the westerly line of Windsor Street, thence N. 88°W. fifteen hundred eight (1508.) feet to a stone bound at station 15+08, thence on a curve of two thousand two and eighty-four hundredths (2002.84) feet radius, bearing to the left one hundred ninety-nine and eighty-four hundredths (199.84) feet to a stone bound at station (17+07.84), thence S. 86° 17' W. six hundred thir-

ty-nine and six tenths (639.6) feet to a point at station 23+47.46, thence N. 82° 17′ W. three hundred ninety-two and seventeen hundredths (392.17) feet to a stone bound, thence N. 85° 08′ W. twenty-two hundred nine and thirty-four hundredths (2209.34) feet to a stone bound, thence on a curve of two thousand eighty-two and eighty-four hundredths (2082.84) feet radius, bearing to the right six hundred fifty and thirty-three hundredths (650.33) feet to a stone bound, thence N. 67° 15′ W. sixteen hundred thirty- nine (1639.0) feet to a stone bound, thence N. 63° 56′ W. six hundred fifty-six and seventy-seven hundredths (656.77) feet to a stone bound.

The Northerly line is parallel to the above described southerly line and fifty (50) feet distant therefrom, from a point opposite station 0 of said southerly line to a stone bound opposite to station (22+47.46) of said southerly line, thence said northerly line bears to the right with a curve of nine hundred forty eight and ninety-three hundredths (948.93) feet radius, one hundred eighty-nine and twenty-seven hundredths (189.27) feet to a stone bound, thence said northerly line is parallel to said southerly line and fifty (50) feet distant therefrom to its terminus.

The said southerly line intersects the easterly line of Pine Street with a curve of thirty-five and twelve hundredths (35.12) feet radius, and intersects the westerly line of said Pine Street

with a curve of one hundred ten and sixty-nine hundredths (110.69) feet radius.

The above courses are reckoned from the magnetic meridian and the description is intended to conform to a plan made by F. H. Kendall, and dated 1895, on which the above described lines are shown in red.

And the said Commissioners determine and order, that the inhabitants of the said town of Chelmsford and said City of Lowell shall on or before the first day of January which will be in the year 1896, lay open, construct, and complete said highway, so that thirty feet in width thereof throughout the whole, exclusive of gutters on the sides, shall be safe and convenient for the passage of teams of every description, with customary loads. The centre of the travelled part shall be the centre of the location. The form and manner of construction shall be as follows: All obstructions shall be removed from every part of the same to the width aforesaid; and so shaped that the centre shall be ten inches higher than the sides by a circular, curved surface; all small inequalities shall be reduced to a level, or a regularly inclined plane, and greater rises and hills, to an angle not exceeding three degrees with the horizon; drains, sluices, and bridges constructed of stone, and of sufficient capacity, shall be made at

X

all places necessary for conducting away the water; swampy and soft bottoms shall be raised at least three feet; and inches on the surface of the whole part to be travelled upon shall consist of gravel or other material which shall be permanently hard; and permanent stone monuments shall be placed at each end, and at each angle, in said described line.

Where excavations are necessary, the banks on the sides shall not make a greater angle than forty-five degrees with the horizon; railings shall be erected at all steep and dangerous places; and all walls and fences removed to the new lines of street; and the whole shall be done in a workmanlike manner, to the acceptance of said Commissioners.

And the proprietors or occupants of the land, over which said highway is thus laid out, are allowed until the first day of June next to remove therefrom any wood, timber or trees. And said Commissioners having heard the proprietors of said lands by themselves or their agents, on the subject of damages by them sustained by reason of laying out said highway, have estimated the same as follows, to wit: -

William E. Livingstone	three hundred	dollars	$ 300.00
Maria and Sarah J. Swan	two hundred	"	200.00
William J. Marshall	one hundred	"	100.00

William E. Platenburg	three hundred dollars	$ 300.00
Peter van Zelm & Sons	two hundred	" 200.00
William G. Vanderlinden	one hundred	" 100.00

as follows, to wit: -

Justus Notte	six hundred fifty	"	650.00
Frank C. Beharrell et als.	one hundred eighty	"	180.00
Alonzo Falls	four hundred	"	400.00
Geo. W. McIntire	sixty	"	60.00

And the said Commissioners further order and determine that the sum of five thousand (5000) dollars is a fair and just proportion of the expenses of said alterations to be paid by the County; and said sum shall be paid out of the County Treasury into the City Treasury of Lowell whenever the Mayor of said City shall present a certificate certifying that all claims by reason of said alterations have been settled and said street shall be completed to the acceptance of said Commissioners.

And the said Commissioners further determine and order that the said City of Lowell & said town of Chelmsford shall pay all damages, costs and expenses (if any) not included in the above award, that any party may by legal process obtain in consequence of said location and construction throughout the whole of said highway, as hereby widened, straightened, altered and established

And the said Commissioners further order, that the highway described in said return be, and the same is hereby established, as and for a public highway, and that the same be recorded to the end that the same may hereafter be known as such.

And the said Commissioners further order, that the said several sums of money estimated as damages to the said persons by reason of the premises, be paid to them respectively out of the City Treasury of Lowell when they shall present to the City Treasurer a certificate signed by the Mayor of the City in which the land lies, that the land over which said highway is located has been entered upon and possession taken for the purpose of constructing said highway.

IN WITNESS WHEREOF, WE, the said County Commissioners, have hereunto set our hands this twenty-sixth day of March in the year of our Lord one thousand eight hundred and ninety-five.

Widening and Straightening of the town way leading from North Chelmsford to Tyngsborough, known as the "River Road".

We, the Selectmen of the town of Chelmsford, having complied with the requirements of the law in relation to notifying owners of land over which we were petitioned to widen and straighten the above townway; have laid out such townway as follows:

Beginning at a stone bound near the westerly end of the Adams House; said bound being the westerly end of the road leading from North Chelmsford to Lowell, as laid out by the County Commissioners of Middlesex County, and at the westerly end of a curve having a radius of 688.75 feet, thence N. 40°-06'-30" W. tangent to said curve 237.3 feet to a stone bound; thence N. 37°-45'-30" W. 1260.6 feet to a stone bound; thence N. 37°-38'-30" W. 2286.2 feet to a stone bound; thence by a curve to the left having a radius of 3372.2 feet 259.04 feet to a stone bound, thence by a curve to the right having a radius of 3000.1 feet 618.78 feet to a stone bound; thence N. 30°-13'-30" W. tangent to said curve 1501.6 feet to a stone bound, thence by a curve to the right having a radius of 966.79 feet, 407.26 feet to a stone bound, thence N. 5°-55'-30" W. tangent to said curve, 219.76 feet to a stone bound in the boundary line between Chelmsford and Tyngsborough. The above described line is the easterly line of said road. The westerly line begins at North Chelmsford at the intersection of said line with the easterly line of the road leading from North Chelmsford to Dunstable and runs parallel with and fifty feet distant from the easterly line to a point opposite the beginning of the last described curve. From this point the line continues N. 30°-13'-30" W. 97 feet to a stone bound at the southerly line of a cross road. From the north line of said cross road the line runs by the wall about 105 feet, thence by a curve to the left having a radius of 74 feet, 9 feet, thence by a curve to the right having a radius of 1016.79 feet, 118 feet to a stone bound, being 50 feet westerly from a stone bound in the easterly line of said road, thence N. 5°-55'-30" W. 216.84 feet to a stone bound in the boundary line between Chelmsford and Tyngsborough, which bound is 50.08 feet westerly from the stone bound in the easterly line of said road.

We have awarded to the owners of the land taken

to widen said townway as follows:

	$
James S. Wotton	100 00
Mrs. John H. Butterfield	75 00
Mrs. Mary A. Gray	40 00
Miss Elizabeth H. Davis	5 00
Harry R. Warley	2 50

We the Selectmen of the town of Chelmsford, having complied with the requirements of the law in relation to notifying the owners of land over which we were petitioned to lay out a town way, have laid out such town way as follows: Beginning at a stone bound in the east line of the Turnpike, near the house of Henry Miner, said bound being one foot northerly from a stone bound set by the County Commissioners marking the line of said Turnpike; thence north 84° 54' 10" east four hundred and sixty seven and 86/100 (467.86) feet to a stone bound at the road leading from said turnpike to the Boston & Maine R.R. Station, said last named bound being the north east corner of the aforesaid Henry Miner's land. Said street is forty five (45) feet wide on the north side of the above described line, and the north line intersects the east line of the turnpike by a curve line of thirty one and 5/10 (31.5) feet radius; and intersects the westerly line of the road leading to the B. & M. R.R. station with a curve line of thirty one and 5/10 (31.5) feet radius.
This description is intended to conform to a plan of said street surveyed by O. M. Snell C. E., Jan. 1898. All land for said town way is given by the heirs of Benjamin Adams, deceased, without any expense to the town.
And your Selectmen hereby respectfully report said town way to the town for its acceptance.

We the Selectmen of the town of Chelmsford having complied with the requirements of the law in relation to notifying the owners of land taken to widen and straighten the town way leading to East Chelmsford, from its junction with the road from Chelmsford Centre to North Billerica, near River Meadow Brook, and no objection having been made have laid out said town way, and

31.182

~~DESCRIPTION OF A PART OF THE ROAD LEADING FROM CHELMSFORD CENTRE TO EAST CHELMSFORD, CHELMSFORD, MASS.~~

The northerly line of the road is described as follows, viz:

Beginning at a stake at or near the easterly line of the road leading from Chelmsford Centre to North Billerica, said stake being distant about 50 feet southerly from the south bank of River Meadow Brook; thence easterly by a curve to the left of a radius of 100 feet along land of Julia E. Warren 110 51-100 feet to a stake; thence north 74° 25' east, 52 62-100 feet to a stake; thence by a curve to the right radius of 190 feet, 94 51-100 feet to a stake; thence south 77° 05' east 170 67-100 feet to a stake; thence by a curve to the left of a radius 204 63-100 feet, 180 30-100 feet to a stake; thence north 52° 26' east 156 88-100 feet to a stake; thence by a curve to the right of a radius of 608 39-100 feet, 298 91-100 feet to a stake; thence north 80° 35' east 399 78-100 feet to a stake; thence by a curve to the right of radius of 1419 92-100 feet, 206 93-100 feet to a stake; thence north 88° 56' east 249 79-100 feet to a stake; all of the above lines and distances being along land of Julia E. Warren; thence by a curve to the left with a radius of 230 43-100 feet and continuing along land of said Julia E. Warren and land supposed to belong to George A. Byam 186 34-100 feet to a stake; thence north 42° 36' east along said Byam land and land of Joseph H. Thurston, crossing Orleans street and along land of Lucy A. Hauver 520 8-10 feet to a stake; thence by a curve to the right of radius 288 11-100 feet and continuing along said Hauver land 175 83-100 feet to a stake; thence north 77° 34' east continuing along said Hauver land 127 30-100 feet to a stake; thence by a curve to the left of radius 434 53-100 feet continuing along said Hauver land 89 36-100 feet to a stake; thence north 65° 47' east by said Hauver land 85 25-100 feet to a stake at land of L. D. Carter.

The southerly line of the above named road is described as follows, to wit:

Beginning at a stake at or near the easterly line of the road leading from Chelmsford Centre to North Billerica at land of the town of Chelmsford; thence northeasterly by a curve of radius of 20 46-100 feet, 37 12-100 feet to a stake; thence easterly by a curve of radius of 140 feet, 125 59-100 feet along said land of the town of Chelmsford to a stake at a point 50 feet southerly from the easterly end of the second curve above described in the northerly line of the road; thence the line continues easterly, parallel with the northerly line above described and distant 50 feet southerly therefrom along land of the town of Chelmsford, land of Arthur M. Warren, land now or formerly of Harry C. Green, land of Gussie M. Stewart, land of Mary H. Howard and Nellie A. Leighton and land of Alfred Johnson to land owned by Mrs. Susan McFarland.

Said lines are delineated on a "Plan of a Part of the Road leading from Chelmsford Centre to East Chelmsford, Chelmsford, Mass., Scale 40 feet to an inch, 1899, Smith & Brooks, Civil Engineers, Lowell, Mass.," which plan is filed with the records of the town of Chelmsford, Mass.

The owners of land taken to widen said way to be allowed until November 1st of the present year to remove all fences and trees within said limits.

We, the Selectmen of the Town of Chelmsford, having complied with the requirements of the law in relation to notifying the owners of land over which we were petitioned to lay out a town way, have laid out such town way as follows:

31.202

~~DESCRIPTION OF HIGHLAND AVENUE, NORTH CHELMSFORD, MASS.~~

Beginning at a stone bound at the intersection of the westerly line of Main Street with the southerly line of Highland Avenue; thence south 43° 50' W. 131 50/100 feet by land of Patrick McManonim to a stone bound; thence south 38° 2' W. by land of Patrick McManonim, John Monahan and one Duffy 249 53/100 feet to a nail in the fence; thence south 31° 35' W. by land of Duffy and Whittemore 182 73/100 feet to a stone bound; thence south 33° 17' W. by land of Larkin, Maguire, McGrath and Tole 324 9/100 feet to a stone bound; thence by a curve to the left of a radius of 410 77/100 feet, by land of Tole, Welch and McEnally 110 41/100 feet to a stone bound; thence by a curve to the right of a radius of 408 67/100 feet, by land of J. H. McEnally, 128 39/100 feet to a stone bound; thence south 35° 53' W. by land of J. H. McEnally 72 80/100 feet to a stone bound at the Middlesex Turnpike - now a State road.

The northerly line of the Avenue is thus bounded and described, viz:-

Beginning at a stone bound in the westerly line of Main Street, which bound is 46 1/2 feet northerly from the stone bound at the point of beginning of the southerly line of Highland Avenue above described; thence south 40° 59' W. 229 feet by land of Monahan to a stone bound; thence south 49° 13' E. 11 40/100 feet to a stone bound, which bound is 33 feet from the southerly line of Highland Avenue; thence southwesterly the line runs parallel with the southerly line of Highland Avenue as above described, and 33 feet distant therefrom.

The above described Avenue is shown on a "Plan of Highland Avenue, North Chelmsford, Mass., Scale 40 feet to an inch, Smith and Brooks, Civil Engineers," dated May, 1899. The land being given and street graded, and to be named Highland Avenue. And your Selectmen hereby respectfully report said town way, to the town for its acceptance.

To the County Commissioners.

Respectfully represent the undersigned, inhabitants of Chelmsford in said County, that the public way, commonly known as the Concord Road, leading from Carlisle to Chelmsford Centre, from the division line between said Carlisle and said Chelmsford, to its intersection with the Acton Road, so called, nearly opposite the Odd Fellows Building, in that part of said Chelmsford known as Chelmsford Centre, is ill defined; that the bounds are uncertain, and that said public way is in need of relocation. Wherefore your petitioners pray that your Honorable Board will cause said road to be relocated, widened and altered in its course and width in such manner as public convenience and necessity may require, after due proceedings had in the premises.

31. 226

To the Honorable Justices of the Court of Sessions for the County of Middlesex, to be held at Concord on the third tuesday of September A. D. 1812.

The undersigned Selectmen of the Town of Chelmsford, in behalf of said Town, and the other subscribers in their own behalf, Humbly shew,

That a certain highway was laid out and established in the year 1809 beginning in the town of Dunstable, near the house of Jonathan Bennet, and running through the southeasterly part of said Dunstable, the westerly part of Tyngsborough, the northeasterly part of Westford to Blodget's Brook in Chelmsford. Which said highway has not yet been completed; and in the opinion of your petitioners will never be of much public utility, if made. And the expence of making said highway will be a very heavy burden upon the said Town of Chelmsford, and injurious to your petitioners individually. They therefore pray, that after due notice to all concerned, the said highway may be discontinued: and as in duty bound will ever pray &c.

Commonwealth of Massachusetts.
Middlesex ss.

At a Court of Common Pleas begun and holden at Cambridge, within and for the County of Middlesex on the monday next preceding the third tuesday of December being the eighteenth day of said month Anno Domini 1809.

And now the Committee appointed at September term last to lay out an highway from Dunstable to Blodgetts brook in Chelmsford, on the petition of John Cummings junior and others make their report on the warrant to them directed as follows

Pursuant to the Order of Court to which this is annexed, we the subscribers having been first sworn, and having given notice to all persons interested in the laying out of the road prayed for in the foregoing Petition in way and manner as certified by the Officer doing the service met at the house of Jonathan Bennett Innholder in Dunstable on tuesday the twenty eighth day of November A.D. 1809. and from thence proceeded to lay out said highway or road in the following way and manner, viz. Beginning at the northeast corner of Jonathan Bennetts barn on the southerly side of the County road leading from Boston to Hollis in the State of Newhampshire thence running southeasterly across land of Sd Bennett, and Capt Oliver Cummings, forty three rods to a stake and stones in said Cummings' land, thence running southeasterly still across sd Cummings land and land of Jonas Kendall eighty nine rods to a large oak tree, thence running southeasterly on land of James Taylor nineteen rods to a stake and stones; thence running southeasterly eighty eight rods to a small white oak tree marked thence southeasterly fifty five rods still across said Taylor's land to a walnut tree marked, thence running southeasterly on land of Peter and Jeremiah Upton by an elm tree to a stake and stones in Jeremiah Upton's land east of his house one hundred and four rods thence running southeasterly on land of the said Jeremiah thirty one rods to a white birch

tree marked, thence running southeasterly to a stake and stones in John Cummings' land seventy eight rods to a stake and stones in front of said Cummings' dwelling house, thence running south-easterly across said Cummings' and Robert Brindley's land to land of Asa Wyman to a stake and stones on a ridge hill one hundred and fifty seven rods; thence running southeasterly by the house of said Wyman and over the brook and over the meadow of Charles Flint to a white oak tree marked on the side of a hill in said Flints pasture, one hundred and twenty six rods; thence running southeasterly across said Flints pasture and the County road to the back side of said Flints dwell-ing house to a stake and stones sixty five rods; thence running southeasterly on sd Flints land forty six rods to a walnut tree in said Flints pasture, thence running southeasterly partly on said Flints land and partly on Nathaniel Brindley Esqrs land one hundred and five rods to land of Royal Makepeace to a stake and stones by a stone wall; thence running southeasterly through land of said Makepeace to a white pine tree in land of Jonas Peirce eighty one rods; thence running southeasterly across land of said Peirce to a pitch pine tree in land of James Abbott Esqr by the south side of a cart path eighty rods; thence running southeasterly thro' land of sd Abbott, lands of Josiah Stevens and Capt. Isaac Chamberlain's land to the old travelled road near Blodgett's brook so called in Chelmsford to a stake and stones near said Chamberlain's house, all the marks and monuments describing the above highway aforesaid are on the southerly side of the same and the road to be three rods wide. And the Committee are of a pinion that two years from the acceptance of this report be allowed to the several towns for the opening the said road and making the same passable, and further it is the opinion of the said Comitt-ee and they do order that the wood timber and trees that are standing, growing or lying on the road or highway above des-cribed be removed therefrom in one year from the acceptance of said report.

The Committee according with our Commission and order of Court have estimated the damages done to individuals by laying out said highway over their lands as follows to wit,

To Jonathan Bennett	$27.00	For the town of Dunstable to pay.
Capt. Oliver Cummings	180.00

AND THE SAID COMMISSIONERS determine and order, that the inhabitants of the town of Chelmsford being the town in which said highway is situated shall on or before the first day of May which will be in the year of our Lord 1839, lay open, construct and complete said highway, so that twenty-four feet in width thereof throughout the whole shall be safe and convenient for the passage of Oxen, Horses, Carts, Waggons, Carriages and Teams of every description with customary loads. The form and manner of construction shall be as follows: All stumps, stones, and other obstructions shall be removed from every part of the same to the width aforesaid; and so shaped that the centre shall be eighteen inches higher than the sides by a regularly curved surface; all small inequalities shall be reduced to a level, or a regularly inclined plane, ascending or descending, and greater rises and hills, to an angle not exceeding three degrees with the horizon: drains, sluices, and bridges constructed of stone, and of sufficient capacity, shall be made at all places necessary for conducting away the water; swampy and soft bottoms shall be raised at least two feet, and 12 inches on the surface of the whole part to be travelled upon, shall consist of gravel or other materials, which shall be permanently hard; where excavations are necessary, the banks on the sides shall not be left standing at a greater angle than 45 degrees with the horizon; railings shall be erected at all steep and dangerous places: and the whole shall be done in a workmanlike manner, to the acceptance of said Commissioners.

AND SAID COMMISSIONERS estimate the expense of ~~making~~ straightening & widening said highway in manner and form aforesaid at the sum of One hundred Dollars.

And the proprietors or occupants of the lands, over which said highway is thus laid out, are allowed until the first day of October next to remove from the premises any wood, timber, trees, or other property not useful for the construction of said highway.

AND SAID COMMISSIONERS having heard the proprietors of said lands by themselves or their agents, on the subject of damages by them sustained by reason of laying out said highway, have estimated the same at the sums respectively annexed to their several names, viz:

To William Byam . . .	25.00
Ezekiel Byam	27.00
Marcus D. Byam . . .	4.00
Rachel Procter	20.00
Baptist Church . . .	5.00

IN WITNESS WHEREOF we, the said County Commissioners, have hereunto set our hands and seals this twelfth day of April A. D. 1838

Caleb Butler & Seal
Abner Wheeler & Seal
Timothy Fletcher & Seal

And the said Commissioners order, that the highway described in said return, be, and the same is, hereby established as, and for a public highway, and that the same be recorded, to the end the same may hereafter

after be known as such. And the said commissioners further order, that the said several sums of money estimated as damages to the said persons, by reason of the premises, be paid to them out of the County Treasury by the first day of May, 1839.

The Petition of Jefferson Loring & others for alterations in the high way from Westford line to said Lorings house in Chelmsford —

This Petition was presented to the County Commissioners at their meeting holden at Concord, in said County, on the third Tuesday of September last, as by the record thereof, and the order of notice thereon, then entered, is at large set forth. And thence said petition was continued to the meeting of said Commissioners holden at Cambridge in said County, on the first Tuesday of January last, when and where the said Commissioners, having viewed the premises, adjudged, that the alterations prayed for in said petition were of common convenience & necessity, and ordered that the same be laid out, & made accordingly. And thence said petition was continued to this time. And now the said Commissioners make return of their proceedings in the premises, which return follows in these words:

over

PURSUANT to their former proceedings on the **PETITION** of Jefferson Loring and others, and to the law in such case made and provided, the County Commissioners for the County of Middlesex, having given all persons and corporations interested therein seasonable notice as the law directs, met at the house of Jefferson Loring in Chelmsford, on the twelfth day of April A. D. 1838, and proceeded to lay out straightenings & widenings in the highway prayed for in said petition, which had been adjudged of common convenience and necessity, and ascertained the courses and established the boundaries thereof as follows, viz: Beginning at a stake & stones near to, and a few rods southeasterly of the old Baptist meeting house in said Chelmsford, thence running S. 84½ E. 8 rods on land of the Baptist Church in Chelmsford, and 10 rods on land of William Byam, to a stake & stones, thence north 88 E. 6 rods, to a stake & stones, thence N. 77½ E. 6 rods to a stake & stones, thence N. 68 E. 7 rods, to a stake & stones at the old road. These lines and monuments to be the northerly boundaries of said highway thus widened & straightened, the southerly boundaries remaining unaltered. Then beginning on the opposite, or southerly side of said highway, at a stake & stones, and running N. 48 E. 7 rods on land of Ezekiel Byam, to a stake & stones, thence N. 47 E. 23 rods on the same, to a stake & stones, thence N. 65½ E. 8 rods on the same, to a stake & stones, thence N. 77 E 4½ rods on land of Rachel Procter, to a stake & stones, at the old road. These lines & monuments to be the southeasterly boundaries of said highway, thus widened and straightened; the opposite boundaries remaining unaltered. Then beginning on the southerly side of the highway at a stake & stones, and running S. 75¼ E. 15 rods on land of said Rachel, to a stake & stones, thence S. 68 E. 8 rods & 20 links, to a stake & stones at land of the Baptist Church, and near the new meeting house. These lines and monuments to be the southerly boundaries of said highway thus widened, the opposite boundaries remaining unaltered. Lastly, beginning on the north side of said highway, at a stake & stones, & running N. 78½ E. 6 rods on land of Marcus D. Byam, to a stake and stones, and thence N. 68½ E. 4 rods on land of William Byam, to a rock by the highway. These lines and monuments to be the northerly boundaries of the highway thus widened.—

This Indenture, made this twenty-sixth day of March, in the year of our Lord one thousand Eight hundred and sixty three, by and between Charles Sweetser, Noah Hodgman and Saml A. Waters of Chelmsford in the County of Middlesex and Commonwealth of Massachusetts, Overseers of the Poor of said Chelmsford, and Nathan S. Barnard of Rutland in the County of Worcester in said State — Witnesseth.

That the said Sweetser, Hodgman & Waters, Overseers of the Poor as aforesaid, in consideration of the covenants and agreements of the said N. S. Barnard hereinafter set forth and described, do hereby intrust, bind and indent Stephen Webster Parker, / an illegitimate & minor son of Lydia Parker, a Pauper whose legal settlement is in said Town of Chelmsford, and having become chargeable thereto. / as a servant or laborer, in the occupation of Agriculture or farming, or any other lawful work or labor, to the said Nathan S. Barnard, and with him to serve as aforesaid, from the day of the date hereof until the thirteenth day of May in the year Eighteen hundred and seventy three, when the said minor will be of the age of twenty one years —

And the said Overseers, for themselves and their successors in that office, do covenant with the said Barnard, his Executors and Administrators, that for and during the term aforesaid, the said Stephen W. Parker shall faithfully serve him, and give and devote to him his time and labor; that he shall not injure or destroy the property of the said Barnard, but shall endeavor to advance the interest and benefit of his business, and conduct himself in a temperate, honest and industrious manner —

And the said Nathan S. Barnard, for himself, his Executors and Administrators, doth covenant with the said Overseers of the Poor and their Successors in that office, that he will faithfully instruct and teach the said Minor in the trade, occupation & calling of agriculture and farming, or in whatever occupation he may be lawfully employed, to the best of his knowledge and skill; that he will, during said term, supply him with

good and suitable food, lodging and clothing, and all things necessary in sickness and in health, and teach him habits of sobriety, industry and good morals.

And the said Nathan L. Barnard further covenants with the said Overseers and their successors in that office, that he will cause the said Minor to be instructed in the common branches of an English Education, so far as he may be capable of receiving such instruction; and for this purpose shall allow him to attend the public district school during the winter terms until he shall arrive at the age of twenty years, and shall furnish him with suitable books and stationary: And shall also, at the end of said term (when when he shall arrive at the age of twenty one years) furnish him, in addition to his ordinary every day clothing, with a full suit of apparell suitable for his attendance on public worship and other public occasions; And shall also, at the close of his term of service, pay him the sum of one hundred dollars.

In testimony whereof, the parties have hereunto set their hands and seals the day and year first above written.

And the said Lakin, for himself his Executors and Administrators, doth hereby covenant with the said Overseers and their sucessors, that he will truly and faithfully instruct and teach the said Reuben C. Parker the art and trade aforesaid, to the best of his knowledge and skill, as far and as fast as the said Reuben C. may show himself disposed and capable of learning the same; that he will, during the the term aforesaid, supply him with good and suitable

food, lodging and clothing, and all things necessary in sickness and health, and teach him habits of temperance, industry and good morals; that he will allow him to attend all the public, district-schools during the winter terms in the district in which he dwells until the said Reuben C. arrives at the age of seventeen years.

And the said Lakin further covenants with the said Overseers of the Poor, that he will, in addition to the clothing herein before mentioned, furnish the said Reuben C. Parker with a full suit of clothing, suitable for his decent appearance at Church or other public occasions, when he shall arrive at the age of twenty one years.

And the said Reuben C. Parker hereby signifies his assent to the terms and covenants in this Indenture, and promises to keep and perform the same on his part.

In testimony whereof, We, the said Charles Sweetser and Alvah Hodgman, Overseers as aforesaid, and Ebenezer Lakin, and Reuben C. Parker have hereunto set our hands and seals the day and year above written

Chelmsford Feb. 27th 1857.

The Overseers of the Poor of Chelmsford having taken measures to ascertain the facts in relation to the Settlement of the Ruel Pierce family would Report

That the said Ruel Pierce formerly resided in that part of Chelmsford now called Lowell. Consequently when the Town was thus divided and the new Town of Lowell incorporated his Settlement was fixed in that Town.

About the years 1830 or 31 he removed with his family to North Chelmsford residing there one or two years, afterward living in Tyngsboro

In the Spring of 1835 he bought a small lot of land bordering on Merrimack River near the Tyngsboro line on to which he moved, during the Summer an old building which he fitted up for a dwelling house - and which was occupied by himself and family up to the time of his death in 1836 - The ammount paid for the building and land was about $40,00. the money being furnished by one Benjamin Walker of Lowell, who was Overseer of the Poor at that time and who took a deed of the place.

The year following (1836) Mr Walker sold to the Nashua and Lowell Rail Road Company, to whom the property has since been taxed.

It appears that Mr Pierce has never owned Real Estate in this Town - His health for several years was feeble and for seven or eight years previous to his death he was unable to do any kind of work - His family was large and he was at all times poor and unable to contribute toward the public charges, for which reason the Assessors

omitted to tax him for several years agreeably to Statute Law and his own request.

The last tax paid by Mr Pierce was for the year 1827. The Town and at present City of Lowell have untill the present year recognized the family as having a legal settlement in that place, and the ground upon which they refuse to pay the bills lately presented for assistance rendered to ~~them~~ Mrs Pierce is the neglect to tax.

The above is respectfully

The Committee, appointed to examine the present condition &c of the house now used for the Town poor, having attended to that duty, beg leave to submit the following report —

Your Comtt after a careful and somewhat detailed examination of the premises, could not consistently with their views of economy, humanity, and decency, arrive at any other, than the following unanimous conclusion viz, that the town poor house in its present condition, is a disgrace to the town, an imposition on those whose only crime is old age or poverty, and a reproach to us as a humane and Christian people; and that a decent regard to the good name of old Chelmsford, as well as common justice to all, require one of two things, either that the town cause to be built without delay, a well arranged, comfortable and convenient house, upon the present premises, or procure such and one elsewhere. Your Comtt cannot recommend any repairs upon the present building, there appears nothing inside or out of it, worth preserving for house building purposes, and all material and means spent upon the present structure, would be almost wholly a waste of the new & valuable, upon the old and worthless; we are aware that this may appear strong language to some, but Yr Comtt are satisfied, from a candid examination, that it is no stronger

than the facts justify; there is not a single comfortable and convenient room in the house, and Yr Comtt were much astonished to learn from the manager, that necessity had at times, compelled him to place men and women, other than husbands & wives, in sleeping rooms together, discreditable alike to decency, morality, and virtue: should the town conclude to build, as on many accounts it would appear most desirable, Your Comtt would by no means favor, as has sometimes been the case in other places any unnecessary expenditure, in building ornamental palaces, either for criminals or paupers, nor do they wish even to make such as home attractive, to the idle, the lazy & the dissolute, but they do unanimously concur in recommending the building or procuring of a plain, substantial, convenient & comfortable house, to be used as the necessities of the town require: the questions therefore which Yr Comtt respectfully submit to the consideration of the citizens, are simply these, 1st will the town build a suitable house on or near the present spot, or 2ndly is it advisable to dispose of the whole or any part of the present premises, and purchase elsewhere; a few facts and suggestions on these points we hope, will not be regarded as transcending the powers of the Comtt.

Yr Comtt are of the opinion, that a house for the purposes required

of suitable size, and substantially finished, with modern conveniences, can be built above the sills for a sum not exceeding $3000. by building anew, the town would have the advantage of a house of the right form and size, while it is hardly necessary to state, that none such can be found already built, most if not all the buildings upon the farms around us, having been erected for private, and not public purposes. with a good house upon the town farm, and some alterations which may be made at some future time upon the barn to advantage, the present premises, would be all that the necessities of the town would in all probability require for many years. The house formerly owned & occupied by Major Manning, with 28 acres of improved land, can be purchased for $4000, including some $500 personal property: the Com^tee visited these premises, and by the kindness of the occupant, were allowed to pass freely through all part of the house and outbuildings: the house is in good repair, and with some alterations could be made a convenient and desirable almshouse: the outbuildings & Barns are large and convenient for the purposes required. the land generally is not of as good quality as that the town now owns, and the income would of course be much less than from the present premises; there is no wood upon the farm. Mr L Spaulding will sell his homestead containing about 100 acres of land, for $5000. the buildings are poor. the place

formerly belonging to Capt Asa Hodgman 2d, with about 90 acres of land, 20 of which is wood and shut land, can be purchased for about $4000. the buildings are very poor: with these facts and suggestions, Yr Comtt, without recommending any particular plan, would respectfully submit their report for the consideration of the town, earnestly desiring however, that some prompt and effective action be taken, so that before the inclemencies of another winter are upon us, some comfortable and convenient dwelling shall be procured for the town poor

The Committee appointed at the last town meeting to examine the Alms-house, in order to ascertain what course it may be necessary to pursue in relation thereto, having attended to that duty Report as follows:—

On examination, they found the outside of the house in a much better condition than was anticipated: The walls on the backside having been recently shingled & the clapboards on the front & ends in tolerably good condition — The roof they found to be comfortably tight having been newly shingled within a few years with the exception of a part of the front side, which it may probably be necessary to repair in the course of 4 or 5 years — The timbers of the house, so far as could be ascertained were found to be sound & good with the exception of the back sill, & part of that of one end. The inner side of the house, they found to be in quite a different state from the outer one. The apartments on the ground floor, they found to be tolerably comfortable & convenient, with the exception of the north ~~western~~ easterly room, or rooms, — But on ascending the stairs, your committee were struck with astonishment at the calculations, or rather, (as it seemed to them) the want of calculation, manifested in the construction of this story. It appeared to them, to have been commenced without any design, & ended without any execution

They found in the back part of this story, 3 small rooms which had been formed by raising up, or adding another story to, this part of the house apparently within a few years. These rooms were entirely without any inside finish excepting a single board partition dividing the apartments; and no provision for warming either — They also found the

southeasterly chamber divided into two apartments with no means of warming either — On entering the southwesterly chamber they found on close inspection a hole (it could not be called a fire place) in which wood might be placed, — The room in other respects in a comfortable condition. They are in all, six apartments in this story with no possible means of warming but one, & that very indifferently —

On due reflection, (taking into consideration all the circumstances in connexion, the condition of the farm, the house & other buildings) your Committee can not recommend at this time either the building of a new house, or any very extensive repairs on the old — They think, that, by plaistering the northeasterly room on the ground floor, overhead; & putting in a stove — And plaistering the 3 back chambers — And making some alterations in the southeast chamber, & putting in stoves in both of the front chambers, with a few other trifling repairs, the house may be rendered tolerably comfortable & convenient for several years —

They have estimated the expense of these repairs here recommended at about $100, —

If it should be thought advisable to put in the new sill on the back side & easterly end it would probably add something like $20 to the expense before estimated —

~~Respectfully Submitted by~~

~~Committee~~

~~Chelmsford March 15th 1841~~

They would add, that in their opinion, the saving in fuel (should these alterations & repairs be made) would in 2 years equal if not exceed the expense here estimated —

To whom it may concern - know ye, that I, Esther Warren of Chelmsford in the county of Middlesex & Commonwealth of Massachusetts widow in consideration of thirteen dollars & fifty cents to me paid by E. F. Webster Lepthah Parker & Otis Adams Selectmen of said town of Chelmsford, the receipt whereof I hereby acknowledge, have granted, bargained & sold to the said Webster, Parker & Adams, for the use of said town a certain Gravel Pit three rods square near Isaac Crooker's Barn & bounded by stakes at each corner. together with the privilege of passing to & from said gravel pit at all seasons of the year untill all the gravel shall have been removed which may be suitable for repairing the highways & no longer

Provided nevertheless, that after all the gravel shall have been removed as aforesaid, the said town of Chelmsford, nor any individual therein shall have any right, property, interest or privilege in said gravel Pit or any land or premises belonging to the said Esther Warren or her assigns by virtue of this instrument.

In testimony whereof I have hereunto set my hand & seal this first day of May one thousand eight hundred & forty

The Committee that was chosen by the Town at its meeting March 26th last past, to alter the line between School districts No. 1 and 9 as prayed for by Michael McCarty, so as to include him in School district No. 1, make a report of their doings to the Town at the meeting thereof, held on the 27th of March 1865. Said Report not being satisfactory in some points, was recommitted, with instructions to fix upon a different point for the eastern terminus.

The line formerly established — Begins at a stake and stones on the westerly bank of the old Middlesex canal a few rods North of the stone bound above two mile Bridge and running westerly to a stake and stones of land now owned by Edwin L. Hearns. said line is now so altered as to commence at a point on the line between the City of Lowell and the Town of Chelmsford one hundred rods north of the stone Bound on the

Easterly side of the old Middlesex Canal (about ten rods North of two mile Bridge); and running westerly to a stake and stones at the North East corner of land of Edwin L. Stearns being his corner bound,

Recommend that the present location of the school-houses in the Town of Chelmsford be adopted with the Exception of No 10 which in their opinion ought to be changed from its present site and located on land of John N Perry and adjoining the land of I. K Hunter upon the road leading from West Chelmsford to the Middle of the Town

And we would further recommend that the same numbers of the school districts heretofore existing in the Town be adopted to designate the school-houses located therein

The Committee appointed at the last Annual town meeting "to look into the needs of greater school facilities in the North village" has attended to that duty, and respectfully reports, that it fully concurs in the opinion of the School Committee expressed in its last annual report, that "there is great & immediate need of increased school facilities at North Chelmsford"

Paper E Chelmsford March 27-1899

To the citizens of the Town of Chelmsford.

The committee on plans, estimates, and site, for increased school accomodations at the North village respectfully report viz: First! That the present school house lot is too small to admit of any practical plan for the enlargement of the existing buildings. Second! That the best and most central location for increased accomodations is the so-called "Vinal" lot, which adjoins the school house lot, and fronts on School and Silver Streets

We unanimously recommend the acquirement by purchase of this lot

Your committee have carefully selected plans and estimates for a four room school building and hereby recommend that of the firm of "Merrill and Clark" Architects, as in our opinion meeting the requirements, in the best manner, for the smallest cost.

The total estimated cost including all the recommendations land, buildings, etc all complete will be not more than $14,000.

OFFICE OF THE

TOWN CLERK.

Chelmsford, Mass., April 4, 1904.

UNDER ARTICLE 13, At the request of John M.Agnew and others to see if the town will raise and appropriate or borrow the sum of Five Thousand Dollars ($5000.) for the purpose of adding two rooms to the school house building at West Chelmsford,and making such other additions and alterations in the building as may be required.

(a) To determine the manner in which the above mentioned Five Thousand Dallars shall be raised and appropriated or borrowed.

(b) To determine the manner in which the above Five Thousand Dollars shall be expended.

Captain John J.Monahan after making some remarks regarding the existing conditions moved the acceptance of the article the money to be paid in five annual instalments,the first one to be paid in 1905.Stewart Mackay, a member of the school committee gave some figures regarding the increase of attendance at the school. George F.Snow moved as an amendment that $10000. be appropriated for a new four room building and this was carried. The motion as amended was as follows:- That the town borrow the sum of $10000. for the purpose of building a new four room school house at West Chelmsford,the amount so borrowed to be payable in five annual instalments the first one to be paid in 1905. This was carried 200 to 1. Voted that the money be expended under a committee of seven including the three members of the school committee. The committee was nominated by the chair

The first section of the act entitled "An Act concerning Schools" passed April 13th 1838 makes it the duty of the School Committee "to make a detailed report annually, in the months of Feby. March or April, of the condition of the several publick Schools in their respective towns; designating particular improvement & defects in the method & means of education, and stating such facts & suggestions in relation thereto, as, in their opinion will best promote the interest and increase the usefulness of said Schools"

In conformity thereto the Committee submit the following Report.

The condition of the Schools in the several Districts the past year may be chiefly ascertained by the following tabular statement, exhibiting the number and length of schools in each District, the whole number of Scholars attending each School, and the average attendance, together with the number of pupils engaged in each branch of the studies attended to in each school

District No. 10 is left out of this tabular statement for reasons which will be given hereafter —

In order to have the state & condition of the several schools as fully comprehended as circumstances will admit a few remarks on each District are appended

Dist No. 1. Respecting Dist No. 1. the committee feel pleased in having an opportunity to state that there has been a gradual, /but at the same time a very perceptible/ advancement in the general appearance & standing of the schools for the 3 last years; owing, probably in part to the modes of teaching adopted by the different instructors /being more on the classification system/ but more particularly to the division of the winter school into two parts — employing a female teacher to take charge of the smaller classes in a separate apartment — It will be seen by recurring to the tabular statement, that the difference between the whole number of scholars attending the schools in this district /particularly in the summer school & in that kept by the male teacher in the winter/ and the average attendance, is unreasonably large; which goes to show that there must have been great irregularity in the attendance, at least of some of the scholars. This is an evil greatly to be lamented, in as much as its effects are not wholly confined to those who are thus irregular in their attendance but are felt more or less sensibly throughout the whole school — But notwithstanding this, & some other causes which have operated as a check to the advancement of the schools in this District it must in justice be admitted, that the recitations at the last examinations, of the several schools ~~in this district~~ were decidedly the best that have been exhibited for several years —

No. 2 The school in Dist. No. 2 is very small and consists mostly of children under 12 years of age. On this account it has been intrusted for the 2 last years to a female teacher both summer & winter — But notwithstanding the progress in the branches taught /considering the length of the school/ will not suffer on comparison with any other school in town. And in orthography /especially among the smaller classes/ it excels all others — This is undoubtedly owing to the method adopted by the teacher of giving

short lessons, and requiring each pupil to spell the whole lesson in turn: and not suffering any lesson to be passed over until every word is correctly spelled by every pupil —

No 3} Respecting Dist No. 3. no particular remark seems to be necessary, farther than that the good character which the schools have acquired within a few years, has been fully sustained the past year —

No 4. This school, as it regards the punctuality, the emulous & ambitious spirit of the scholars, taken as a whole, has been for several years justly considered as one of the first in town.

This trait in the character of the school may, doubtless, be attributed in part, ~~to the inhabitants being more stationary, & in~~ ~~if not wholly~~ but more especially to the practice of the parents & other inhabitants attending the examinations of the schools more punctually than in most other Districts — The examinations at the close of the schools the past year discovered a good degree of improvement — In the summer school some very choice specimens of composition were exhibited — And the recitations at the close of the winter school were generally good — The reading & spelling were rather indifferent but the first classes in grammar & Geography manifested a higher degree of correct, practical knowledge in those branches than the committee have witnessed in any school the past year —

No. 5.} The number of scholars in Dist No 5. have considerably diminished within 2 or 3 years, but in point of character the school stands much higher than formerly — The exhibitions at the close of the schools the past year were good, and disclosed, ~~that~~ not only, that there had been intense application on the part of both teachers & pupils, but also the existence of a laudable ambition on the part of the scholars which augurs well for the future —

No. 6.} In remarking on the progress of the schools in Dist No 6. the committee regret to state that they feel bound to make a distinction between the summer & winter schools —

They do not doubt the literary capacity of the teacher of the summer school although she was not examined, nor did they know of the commencement of the school until after it had kept 2 or 3 weeks — But, either through want of tact, or ambition or some other cause there appeared to be little improvement made in the summer term — In the winter, the improvements in the branches taught, were as great as could reasonably

be expected for the short term of 6 weeks – In Geography & Intellectual Arithmetic the improvement appears to be rather more than ordinary –

No 7.] – ~~District~~ No. 7. having been recently divided in order to form a new district & accommodate the factory village the schools, (always small ~~as to numbers~~) are of necessity very short & consist of but few scholars. Consequently but few remarks are required – The general deportment of the scholars in this district has ever been considered exemplary, and the expectations formed thereon have the past year been fully realized. The committee would only add that several of the scholars are deserving of particular commendation for their industry & the perseverance with which they have pursued their studies

No 8.] As the winter school in Dist No. 8. is not yet closed all observations concerning it are necessarily deferred exepting that the difficulties which have arisen in the school having been but imperfectly adjusted must materially affect the usefulness which otherwise might have been anticipated from it. till April meeting – And as the register was but imperfectly kept in the summer nothing further can be said here, exepting that the general appearance & performance of the school, at the close were good

No. 9.] The committee regret to state, that the ~~exhibition~~ at the close of the winter school in Dist No 9. ~~at the close~~, did not meet the anticipations which were formed from its favourable appearance at the commencement –

The prepossessing appearance of the teacher, his alleged experience & other manifestations of skill in his profession, together with the fact of his having a female assistant, led them, perhaps, to expect unreasonable results. But howeve this may be, the only branches exhibited were Reading Geography & Arithmetic – The answers to the questions in practical Arithmetick were prompt, and amply disclosed, not only, that the progress in the theory of that science had been very great, but also that a permanent foundation had been laid for practical purposes. But in Intellectual Arithmetic, Reading and Geography, the improvement, in the opinion of the committee was quite limited – And it appears that English Grammar & writing had been entirely omitted

37.12

for several weeks; and that although the register of the school bore testimony of their being 3 engaged in Algebra, yet it appeared on examination that the commencement & abandonment of that study bore nearly even dates —

With regard to the summer school in this district the committee would make but few remarks, excepting that the end thereof was better than the beginning. The school commenced without any examination of the teacher and kept several weeks / the exact time is not now recollected / before they were apprised of the fact. On learning which they visited the school, (and ~~had not some accular demonstrations forbed the delusion, they might easily have suspected that they had fallen into a reverie, & that their senses had unluckily been transpired back to the Dark Silurian age witnessing the scenes accuring on the confusion of tongues at the building of Babel~~) found it very deficient in order & arrangement. But on examination; the teacher's literary acquirements were not found to be wanting and the school at the close made a very decent appearance —

Dist No 10. Having been but recently formed, & composed almost exclusively of a small manufacturing village which is yet in its infancy and having not yet had time to make the necessary provissions to establish schools on a permanent foundation no detailed statement can be made concerning the school in that district — The committee have no knowledge of any school being kept in that district the past summer — There is a small school now keeping under the charge of a female teacher which appear to be in successful progress

The committee feel bound by the terms of the Act which has called forth this report to make some suggestions respecting ~~certain~~ defects, existing in the means of education, — and on the present occasion they will confine themselves principally to School Houses — One very prominent defect, (to which perhaps nearly all school districts are more or less obnoxious) consists in the contracted size of School houses, — But it is not considered that the schools in this town ~~considered~~ ~~considered~~ taken in the aggregate, suffer any thing in this respect compared to that of the awkwardness of their construction The houses in Districts Nos. 1. 2. 3. 4 & 8 are perhaps as faultless as houses generally are in a country town. No 1. needs some essential repairs: and it is believed if some alterations were made in the construction of the seats & the method of warming it, the benefits would be essentially felt — Nos. 3 & 4 are in good repair, and, (especially No 4,) very conveniently constructed. In District Nos. 5 & 7 the houses are by far too small besides being intolerably inconvenient & out of repair — and in the opinion of the committee ought to be rebuilt on a larger scale & entirely different plan. And it is believed that the inhabitants of Dist No 6. would find it much to their advantage if they should make some alterations in the construction of their house & improvements in the means of warming it — The house in District No 9 is sufficiently ~~large~~ to convene all the scholars in that District, but the construction inside (especially in the form and arrangement of the seats) is absolutely insufferable — If the inhabitants in this district & also in district no 8. should remodel their school houses so as to admit of 2 separate schools being kept at the same time, the committee feel confident, from the result of the experiment in dist. no. 1 that they would receive double the benefit from the winter schools which they now do —

These remarks on School Houses have been elicited principally from the fact that there are 2. or 3 districts which must build houses within

that English Grammar & writing had been entirely omitted

37.12

a short period. And it is hoped that these hints will draw the attention of the inhabitants of those districts in particular to that subject, in order that whenever they do build, they may adopt the most approved construction, as more, perhaps is depending on this subject than many may imagine.

The Committee can not persuade themselves to close this report without adverting to the apparent apathy and coldness which Parents & guardians manifest on the subject of publick schools. They say apparent, for they do not doubt that Parents in general do, indeed, really feel a very lively interest in the instruction of their Children.

Indeed they know this to be the fact. But still it is no less a fact that they are generally guilty of a very culpable neglect of manifesting that interest, by attending the examinations & otherwise visiting the several schools.

They know very well that it is sometimes pleaded in extenuation of this neglect that they have a committee chosen whose express duty it is to attend to this business. But this does not do away the charge, nor relieve them in the least from their responsibility. The committee are firm in the belief, & that conviction is founded in part on the experience which some of them have had in teaching, that if Parents would make it their practice to attend the examinations universally, & visit occasionally the schools in their respective districts individually, the influence which they would extend over the character of the schools & in raising the ambition & emulous spirit of the scholars would far exceed the most prudent exertions of the best qualified committee. Nor is this all. Instances are not wanting it is presumed in most school districts, in which difficulties have arisen in school which have threatened at least, if not completed the total destruction of all the usefulness which otherwise might have been derived from it; & which would have been wholly avoided had the Parents visited the school & seen with their own eyes & heard with their own ears, instead of borrowing the use of those of their neighbours & Children.

It is a general remark, universally admitted, that

The general diffusion of knowledge among the people, is the life & support of all free governments - This truism is so apparent at the first thought that it is feared but too many assent to its truth without sufficiently examining the evidences in support of it so that it can be said that they really believe it - If this fact is really believed, and farther, if it be fully realized that the state of society, the advancement of moral & social feelings & interests are dependant on the education of our children; it appears impossible that any one should feel or act indefferently towards our publick schools — And the committee feel a pleasure in having occasion to announce that an increased attention to this subject ~~has~~ is now manifest in every section of the town, and although it has been developed in some instances by commotions, 'wars & rumours of wars', yet even these are but arguments that a laudable attention to the subject is awakening which will finally result in unity of purpose, unity of action & increased exertion —

37.12 that English Grammar & Writing had been entirely omitted

The school Committee for the year ending March 1842 respectfully report to the Town their doings as follows. After organising they resolved that the several schools in town should be visited each at least twice. One at or near the commencement, & one at the close of the schools. That one only of their number should be required to visit "at the same time" the summer, but two "at the same time" at least should visit the winter schools. We have examined your Teachers & visited your schools. The latter, we think have made commendable proficiency, & the former were all qualified to teach, although all were not adapted to the schools of which they had the charge. A person may be well qualified to teach one school who will not succeed in another. The truth of this remark shows the importance of great care by the Prudential Committee in the selection of Teachers for their particular Districts. They should be men who know fully the condition of the schools, which they cannot know but by frequent visits or by information from the visiting Committee. If there be neglected a judicious selection cannot be made of a Teacher: a selection highly important to the prosperity of the schools. And we here suggest that the practice, on the part of Teachers, of applying for schools almost as soon as the Prudential Committee is chosen, is not good. It is believed that particular persons are sometimes chosen as

the Committee to accommodate the applicant, & thus not unfrequently are Teachers engaged who are not adapted to the schools. Time & judgment in the selection of Teachers we deem highly important.

In one school in particular we discovered a department with which we were much pleased. The school to which we refer had a very comfortable house, so situated & constructed as to hide the passers by from the view of its inmates; and in addition to this the school was furnished with an extra good Teacher. We believe the circumstances just mentioned are indispensable to the securing good order in school. We do not believe any man can preserve order & secure attention to study in a school of half a hundred scholars in a house with low windows & located so near a much travelled road that a single step will measure the distance from the one to the other. Your Committee have been particular to notice the government of each school, & have freely suggested alterations where it seemed necessary; & have been much gratified with the regard that has been given to our suggestions. It has been our endeavor at the close of the several school to persuade the scholars that if their books should be closed with the closing of the schools they would lose a great portion of what they then possessed. That the memory would not remain stationary, but would become better by cultivation & worse by neglect.

37.2a

~~should be made a comparison with whom he comes to compare, & thus, time profitably & happily~~

Your Committee have been much pleased, in a few Districts, to meet at the examinations of the schools many Parents. We believe if Parents would generally attend much good would be the result. Their children would feel more stimulous to prepare themselves during the term, knowing as they would that their exhibition would be a subject of remark in the District. It would also convey conviction to the minds of the children of their care & interest in them. And we recommend all Parents to be present at all examinations of their children in the schools.

Your Committee feel that Parents do not fully understand the amount of loss their children sustain through carelessness & negligence. We find the whole number of scholars ~~in the winter season~~ to be 522 in the summer 403, & the average attendance in winter to be only 357 in summer 270, of course 209 neglect the advantages of the schools; or in other words of the $1200 raised for our public schools $358 have been wholly lost by negligence on the part of the scholars to attend the schools. ~~Then shall we learn to attend & improve our advantages & not suffer them to be wasted.~~ We are aware that this waste of your money has been before laid before the town. But we repeat it in the hope that attention will be given to it. We will here quote from the valuable & able Report of your School Committee of last year. Referring to the benefits of the school Registers

they say, "They, the Registers, have disclosed the astounding fact that even in this town a little more than one fourth part of the money raised for the support of the schools is annually lost, actually thrown away, & has been so for years. It is found by consulting these Registers that the average attendance of the scholars in all the schools is a fraction less than three fourths of the whole number of scholars belonging to the schools, which shows that a fraction less than a quarter part of the time allowed for the cultivation of the mind of our children, & consequently the same proportional part of the school money are squandered away by the irregular attendance of the scholars"

Your Committee think want of punctuality at the hour the school commences another subject of complaint. It is believed that on an average 20 minutes is daily lost by each scholar by tardiness, which makes a loss in the whole of 265 days, besides the great inconvenience & interruption necessarily occasioned by scholars entering the school every hour of the day. Therefore we entreat Parents, so to arrange their business at home that their children may be punctually at school the hour appointed.

In the opinion of your Committee, music, so far as is practicable, should be taught in the schools. We have witnessed with pleasure the interest taken in it by the scholars where it has been introduced. However much satisfaction the scholars have seemed to take in their

37.2b

exhibitions of scholarship, none appear so much to delight them as their singing. It has been found that the scholars, if possible, will be present at the time of singing, so that if the first lesson morning & noon be singing, it is believed none will play truant on the way, nor unnecessarily be absent. So delighted do children appear in carrying through a chorus that they will leave all their other amusements for that. And we deem it of great importance that the amusements of children should be of a character to improve their minds & heart, as is the tending of music, & not such as tend to waste of both. And let no Parent say, because his children have never manifested an interest in music, that they would not become interested if seasonably taught. The belief which has formerly prevailed that none can become singers but such as have what is called a natural taste for music is no longer entertained. It is well established that all, if instructed early, may learn to sing. And if what has been considered a natural defect can, by early & persevering industry, be overcome, let Parents be encouraged to attend to the cultivation of the minds of their children, not only in the department of music, but in all those branches of learning which comprise & complete an education.

Report

The Committee that was chosen at the last March Meeting, to act on the petition of Robert Lord & others, praying that School District No. 7 be discontinued, and attached to School districts No. 2 and 10, after giving due notice to all parties interested, held a session at the School house in district No. 7 at which each of the above said districts was represented and heard.

The Committee deeply regret, that they should feel constrained to report adversly to what they consider the best interests of said district No. 7 in consequence, mainly, of the remonstrances of a respectable portion of district No. 7.

No objection was made by either of the other districts,

The objections were, that the distance from School would be increased for those remonstrating, the roads bad, especially in winter, which would cause the town much expense, to keep them open, as would then be required.

One consideration had some weight with the committee which was that in district No 10 the prospect was fair that in a very few years, the children in district No. 10 would increase to such an extent, as to make a School as large as would be profitable.

And further that there was a prospective increase of children in district No. 7 (the number the past winter belonging to the district, being twenty one.)

The number of families in district No. 7 in favor of being annexed to No. 10 is seven. The number remonstrating nine. The number of children is in about the same proportion; but the number of legal voters and the amount of taxable property greatly preponderates in favor of the remonstrants.

The formal remonstrance accompanying this Report shows this to be so.

The policy of breaking up a school district against the remonstrance of so respectable a majority is somewhat doubtful, and this committee do not feel justified in so doing, unless the town shall recommit this Report and direct them to do so.

Report of Building Committee

Chelmsford March 25th 1901

The undersigned committee was called into existence on the 27th day of March 1899, by a vote of the town, whereby said committee was appointed, and authorized to build a new school at the north village, according to plans and specifications approved by the town.

The work of the committee is finished, and the town is now in possession of a shapely, and commodious school house, which will meet the needs of that part of our population for some years to come

The State authorities examined the premises on the 21st day of Jan' 1901, and gave their full and official approval of the manner of construction of halls and stairways, of exits. and of the heating, and ventilating apparatus

STREET LIGHTING CONTRACT

BETWEEN

THE LOWELL ELECTRIC LIGHT CORPORATION

AND

TOWN OF CHELMSFORD

* *

412

THIS AGREEMENT made and entered into this ..... day of ..... A.D. nineteen hundred and ..... by and between The Lowell Electric Light Corporation, a corporation duly established by law and doing business in Lowell in the County of Middlesex and Commonwealth of Massachusetts, hereinafter called the Electric Company, party of the first part, and the Town of Chelmsford in the said County and Commonwealth, hereinafter called the Town, party of the second part.

WITNESSETH:

That the Electric Company in consideration of the agreements herein made by the Town agrees with the Town as follows:-

FIRST: NUMBER OF LAMPS

Said Electric Company will furnish said Town during the term of this contract not less than three hundred and seventy-six (376) forty (40) candle power Tungsten street lamps; three hundred and forty-seven (347) of said lamps to be retained in their present locations and twenty-nine (29) of said lamps to be located at such new points along the streets and highways of said Town as may be designated by the Board of Selectmen of said Town, subject to pole locations to be granted; provided, however, that said twenty-nine (29) new lamps shall be so located as to come within the existing street lighting system in said Town, or if located beyond the limits of said existing system, shall be so located as not to require the erection by the Electric Company of more than four new poles to each new lamp.

SECOND: ADDITIONAL LAMPS

From time to time during the continuance of this contract, the Electric Company will install such additional lamps as the

416

Selectmen of said Town shall request; provided, however, that such additional lamps shall be so located by said Selectmen as to come within the then existing street lighting system in said Town, or if located beyond the limits of said then existing system, shall be so located as not to require the erection by the Electric Company of more than four new poles to each additional lamp.

THIRD: PERIOD OF CONTRACT

This contract is for a period of five (5) years, said Term to begin as soon as said Electric Company shall have in operation a total of three hundred and seventy-six (376) lamps, but in no event later than November first, nineteen hundred and seventeen.

FOURTH: HOURS OF BURNING

Said lamps shall be operated continuously each and every night during the term of this contract from thirty minutes after sunset until thirty minutes after twelve o'clock midnight. Said lamps shall also be operated from November twelfth of each year until March fourth of the next succeeding year from 5:30 A.M. until one-half hour before sunrise. The time of sunset and sunrise to be determined by the "Old Farmers' Almanac", or by such other standard as may be agreed upon by the parties hereto.

FIFTH: INDEMNITY TO TOWN

Said Electric Company will indemnify and save harmless said Town from any and all loss, cost or damage that it may suffer by reason of any infringement suits, or by reason of any infringement of any patent right in the use of said lamps, or the apparatus, fixtures, machinery or methods connected or used in connection therewith, and from all claims, liability or demands that shall be caused by the erection, maintenance or use of said lamps or of the

4lc

poles, wires, appliances or apparatus connected therewith, or from any defect therein, or by negligence or carelessness of said Electric Company, its agents or servants in the operation or management of said lamps.

If said Town shall relocate any of the street lamps operated under this agreement, the cost of the labor shall be paid by said Town, but not the cost of the materials or other expenses in making such change.

SIXTH: FREE USE OF POLES BY TOWN

The Town shall have the right to place its fire alarm and police telegraph wires, occupying one gain only, on any and all of the poles erected for said street lighting service free of charge to said Town, the position of said wires on the poles to be in accordance with standard practice adopted for this class of construction.

SEVENTH: PRICE

Said Town agrees to pay said Electric Company during the months of May to November first, nineteen hundred and seventeen (whether or not the five year period mentioned in paragraph third shall have begun to run) the sum of not less than one-twelfth of Sixty-seven Hundred Sixty-six Dollars and Fifty Cents ($6766.50) per month. During said time no monthly bill shall exceed this amount unless the total number of lamps furnished when billed at the rate of one-twelfth of Eighteen Dollars ($18.00) monthly for each lamp shall together make a total monthly bill in excess of one-twelfth of Sixty-seven Hundred Sixty-six Dollars and Fifty Cents ($6766.50), in which case the Town shall also pay such excess.

41d

Beginning November 1st, 1917 and during the remainder of the five year period of this contract, the Town agrees to pay the Electric Company a sum of not less than Five Hundred and Sixty-four Dollars ($564.00) per month, and no monthly bill shall exceed this amount unless the total number of lamps furnished when billed at the rate of one-twelfth of Eighteen Dollars ($18.00) monthly for each lamp shall together make a total monthly bill in excess of Five Hundred and Sixty-four Dollars ($564.00), in which case the Town shall also pay such excess.

EIGHTH: MAINTENANCE OF LINES AND FIXTURES

In case any authorized agent of the Town shall deem any lamp posts, supporting posts or apparatus connected with the lamps or lines to be in a dangerous condition, he shall serve written notice on the Electric Company, stating the defects and requirements. If, within a reasonable time after the receipt of such written notice, the Electric Company fails to remedy these defects in a safe and proper manner, then the said Town by its authorized agents, may make the necessary repairs, alterations and changes, and recover therefor from said Electric Company, or it may deduct necessary expense thereof from any sums thereafter coming due said Electric Company from said Town.

NINTH: CANCELLATION OF EXISTING CONTRACT

Upon the execution and delivery of this contract, the former contract between the parties hereto, dated September 22, 1911, shall become null and void, except that any cause of action thereunder whether for payment of money or otherwise which shall have accrued before the termination thereof shall not be affected by the termination of said contract.

41e

IN WITNESS WHEREOF, the said The Lowell Electric Light Corporation has caused its corporate seal to be hereto affixed and these presents to be signed in its name and behalf by its President and attested by its Clerk, thereunto duly authorized, and the said Town of Chelmsford has caused its corporate seal to be hereto affixed and these presents to be signed in its name and behalf by,--

Gentlemen:

Upon the request of your Mr. Moody I submit the following Article and the action thereon at a special town meeting held at Chelmsford Centre May 31, 1917.

"Article 8. To hear report relative to street lighting, of the special committee chosen at the last annual meeting, and to see what action the Town will take to provide for the lighting of public streets or act in relation thereto."

"Under Article 8 Voted that the Selectmen be and hereby are authorized and empowered to execute in duplicate in the name and behalf of the Town and under its corporate seal, an agreement with the Lowell Electric Light Corporation which has been read at this meeting for the lighting of public streets in the Town for a period of five years beginning not later than November 1, 1917, it being expressly understood however that the existing contract between the said Electric Light Company and the Town dated September 22, 1911 is to continue in full force pending the going into effect of the proposed new contract."

Respectfully submitted,

1917

Chelmsford

The Committee, appointed by the town to confer with Kirk Boott and others, who have petitioned the General Court to incorporate the northeasterly part of the Town of Chelmsford into a separate Township, have attended to the duty assigned them, as stated in the following

Report.

Having first given the Petitioners and all others interested therein, notice of their appointment and of the time and place of their Meeting, the Committee have met and conferred with a Committee appointed on the part of said petitioners, upon the subject of their petition, and now submit to the Town for their consideration, the following Articles, which, in the opinion of your Committee, are the most favorable terms to the Town, to which the Committee of said Petitioners were willing to agree — to wit

Article 1st — The lines of the new Town shall run as follows. Beginning on Merrimack River two hundred rods above Pentucket Canal and thence running Southerly in a straight course to the Middlesex Canal ten rods northerly of the Bridge near Mr. Silas Pierce's; thence running southeasterly on the Canal twenty rods: thence turning and running due east course to Concord River; thence down Concord River to Dracut line; thence up Merrimack River to the place of Beginning —

Article 2d. That the Poor of the Town shall be supported by each Town in which their settlement was gained;

Article 3. That all debts due from the Town at the time of Separation (excepting the principle sum due for the Poor farm) shall be paid jointly by each Town according to their present valuation, after collecting and applying to this purpose all the Taxes already granted by the Town,

Article 4th. That the Poor farm, and all the personal property, belonging to the town, not including Taxes & Money, shall belong to the old Town, they paying the Balance due for said farm —

Article 5th. That the State and County Taxes, until a new valuation be taken by the Commonwealth, be paid jointly by both Towns, according to their present valuation all which is respectfully submitted by your Committee

The Committee appointed by the Town of Chelmsford to build a Basement under the new Church in the Centre of said Town have attended to that duty & beg leave to Report

That they contracted with Isaac Crosby Esqr to build said basement & find the Materials for the sum of Twelve hundred dollars.

Your Committee were obliged (in the exercize of their discretion) to incur some extra expence, such as two windows in the Hall which in the opinion of your Committee would not have had sufficient light without them. also painting the interior of Hall. Selectmens Room, Entry & the closets in the same. Also some small changes which appear in the General acct. Your Committee have not caused the brick work ~~to be painted~~ and dadoes in the Hall to be painted they preferr'd leaving that for the action of the Town. They would however respectfully recommend that the Town cause the Brick work & dadoes to be painted and Especially the brick work believing it would preserve the walls from decay & the Interior from dampness which would be destructive to plastering & paint.

The Cost of the Basement is as follows.

Amt. of Isaac Crosbys Contract	$1200 —
Expence of 6 Iron Pillars	74.52
Amt. of Painters bill for Painting &c	14.50
Cost paid by I Pitts for cleaning Iron pillars	1. —
Cost paid by Do. for printing bills	1.25
Cost paid by Do. for advertizing in papers	2. —
Amt. of Expence for two Stoves & funnels	35.10
Amt. Carried over	$1328.37

Amount brot over	$1328	37
Nathan P. Adams bill Iron work	4	13
Isaac Crocker (agent) bill for extra work on Butments, Doors &c	60	
Cash paid by Jefferson Loring to Jonathan Lawrence for Cutting trees in front of the Burying ground	88	
Jefferson Loring for Services as Committee	10	00
E. P. Parker for Services as Committee	10	—
James Pitts for Services as Committee	10	—
E. Fletcher bill of Zinc for Stove	2	78
	$1426	06

In Conclusion. Your Committee, have finished their Labours, and when all the Circumstancy of the Case are taken into view, they sincerely hope that the Town will be Satisfied; as they have endeavoured to lessen every expence, that was possible, without having the work Shaded or Slighted, & further your Committee are of Opinion that this building has been Completed agreeably to the Contract that is so far as they are Competent to Judge.

CHELMSFORD.

Report of Committee on New System of Balloting for Town Officers.

Caucuses. It shall be the duty of the selectmen to call a caucus in each of the five villages of the town, north, south, east, west and the Centre for the nomination of those town officers who by statute must be chosen by written ballot. All the caucuses shall be held on the same evening and at least three weeks prior to the date of the annual town meeting.

Nominations. Each caucus shall nominate a moderator, a town clerk, a town treasurer, one selectman, assessor and overseer of the poor; three auditors, one member of the school committee, two trustees of the Adams library, one or more constables, and such other officers as the law may require to be elected by ballot. The secretary of each caucus shall notify the town clerk of the nominations made by the caucus.

Ballot. The town clerk shall cause to be printed upon one ballot the names of all nominees of the several caucuses - except the moderator whose name shall be printed on a separate ballot -, and also the statute form of the license question.

95.12

CHELMSFORD.

Additional Names. In addition to the caucus nominees there shall also be placed upon the ballot the names of the candidates for any office or offices, on petition signed by ten or more qualified voters, and presented to the town clerk not less than fifteen days previous to date of town meeting. Spaces shall be left on the ballot for the addition of other names by writing or by stickers.

Marking. The voter shall declare his choice by a mark (x) in the place against the name of the candidate he wishes to vote for.

Specimen Ballots. The town clerk shall cause specimen ballots to be posted at the same time and places as the warrant for the town meeting

Balloting Balloting shall proceed in the usual manner prescribed by the statutes for towns that have not adopted the Australian system.

Polls opened. The polls shall be open for the election of town officers - except moderator - and for voting upon the license question from ten o'clock a.m. until one o'clock p.m.

OFFICE OF THE

COMMISSIONER OF PUBLIC RECORDS,

9 PARK STREET.

BOSTON, April 25, 1896.

DEAR SIR:

The question has often been asked whether the warrants for town meetings should be preserved after recording. I have obtained the opinion of the Honorable Attorney-General upon the matter, a copy of which I send herewith: —

"Your letter of April 5th requests my opinion upon the question whether, under Sts. 1894, chap. 356, town clerks are required to preserve warrants for town meetings longer than seven years.

"Section 1 provides that certain documents shall not be destroyed, to wit, (1) books of record or registry; (2) original papers dated earlier than the year 1800; (3) deeds; and (4) reports of 'any town officer or committee of any county, city, or town relating to bridges, highways, streets, town ways, sewers, or other county or municipal interests or matters.' It is obvious that town warrants are not included within the provisions of this section. Section 2 prohibits the destruction of any other paper belonging to the files of the town until after seven years. In answering your question literally, therefore, it is plain that under the provisions of this statute town warrants need not be kept longer than seven years.

"But I do not regard this statute as intended to be comprehensive of all the duties of the town officers relating to the preservation of documents. It prohibits the destruction of certain documents within seven years, and is not intended to require or permit such destruction, even at the end of seven years, if, for any reason, they should be preserved.

"The warrant for the town meeting, and the return of service of it, are essential to give validity to the proceedings of town meetings. If there is no warrant, or it is improperly or insufficiently served, the title of the officers chosen at the meeting may be directly, and in some cases, perhaps, collaterally, impeached. Most proceedings become of little importance after the expiration of the year, but some may be questioned even after the expiration of seven years; as, for example, town by-laws or long time loans. In such cases, the warrant and its service may at any time become of vital importance. *It is evident, therefore, that the statute requiring preservation of town documents for seven years has no application to town meeting warrants; and that they should be permanently preserved.* It may be said that the recording of the warrant, and of the return of service upon it, sufficiently preserves the evidence essential to show the validity of the meeting. There is no statute, however, requiring the clerk to record the warrant; and, although the record when made has been accepted by the courts as evidence of the contents of the warrant and the manner of its service (*Vid.* Com. *v.* Sullivan *et al.*, 165 Mass.), it is not entirely certain that if the question were directly raised the record of the clerk would be competent evidence of the contents of the warrant or of the service of it.

"*It is undoubtedly the safer course for town clerks to follow the practice of private corporations in recording the call for the meeting with the proceedings of the meeting itself; but the warrant itself is, nevertheless, the best evidence, and should be preserved.*"

Very respectfully yours,

Robert T. Swan

Commissioner.

" I Zadoc Howe of Billerica, in the County of Middlesex & Com^th of Mass^ts Physician, under a deep sense of the uncertainty of life, do make & publish this my last Will & Testament as follows, namely —

Article 1st — I direct my Executor to pay all my debts & charges against me or incurred in the settlement of my worldly estate.

Article 2^d — I give & bequeath to my brother Solomon Howe, residing in Alexandria in the County of Jefferson & State of N. York, yeoman, if he be living at my decease Twenty dollars.

Article 3 — I give & bequeath unto each of the children of my deceased brother Willis Howe, and to each of the children of my deceased sister Sally Smith, & to each of the children of my said brother Solomon Howe, the sum of Ten dollars. All of said legatees are supposed to reside in the State of N York their names, number, residence & occupation are unknown to me; the said sum of $10 to be paid to each of said nephews & nieces living at my decease or to their order.

Article 4th — I give & bequeath unto Susan Sweetser, wife or widow of Gen. Henry Sweetser, of Concord in the State of N. Hampshire, if she be living at my decease, the sum of five Hundred dollars.

Article 5th — I give & bequeath to the Mass^ts Bible Society Three Thousand dollars to be added unconditionally to the funds of said Corporation, & I direct this legacy to be paid from the first available funds my Executor may receive from my Estate.

Article 6th — Having a desire to promote the cause of education in the town of Billerica where I reside, & the vicinity thereof, I hereby give, bequeath & devise unto Marshall Preston of Lexington John Baldwin, Wm H Odiorne, James R Faulkner, Dudley Foster, G. H Whitman & Amos Spaulding, the six persons last named all of Billerica, and their survivors & successors, that lot of land in Billerica known as the Everett Lot, situated opposite Mr Samuel Foster's house, and also all the rest, residue & remainder of all the real, personal & mixed estate of which I shall die seized or possessed: to be held by them, their survivors or successors forever, absolutely & in fee, but upon the trusts & conditions & for the purposes herein contained, namely — to maintain & erect upon said Everett Lot a suitable building for an Academy for the education of Youth, to be kept & maintained upon said land forever. The school is not intended for the admission of small children, but for instruction in the higher branches of English education, & such other studies as are required of young men preparatory to entering college: and I direct said building to be built of brick, to have brick covings & a slate roof, & to be otherwise rendered fire-proof, or as nearly so as may be done, & authorise a sum not exceeding Seven Thousand dollars to be taken out of said Trust fund or the income thereof & applied to the erection & furnishing of said Academy, and direct said building to be completed at or before the expiration of five years from the time of my decease. I also direct the said Trust fund, except said Everett lot of land, & any accrued or accumulated rents, interests, dividends or nett income derived from any part of said fund, not expended as aforesaid in erecting & furnishing said Academy, to be kept rented or otherwise placed at interest & yielding income prudently invested, and I direct the nett income thereof, after deducting all proper expenses & charges against said fund, to be from time to time, judiciously applied to, or towards the support & maintenance of said Academy as a place of education for youth; with the proviso however, that if any portion of the said principal fund devoted to the support of said Academy, shall be lost, and

said fund be thereby in any way reduced, the nett income thereafter received, if any, from said trust fund, I direct to be accumulated by said Trustees or their successors, until the original amount of said Trust fund shall be fully restored. It is my wish that the children in the neighboring towns shall receive a part of the benefits of said Academy upon equal terms & not be excluded from admission to said school by any regulation of said Trustees. I request the Judge of Probate of the said County of Middlesex to require no bonds to be given by said Trustees or their successors in said office, & I authorise the said Judge to fill any vacancies in said Board of Trustees however occasioned whether made before or after my decease whenever notified of such vacancy so as to keep said Board full or as nearly so as may be, all the time, expressing my earnest desire that in filling vacancies there may be no religious influence of a sectarian character excited or exerted. I also apply the same injunction with regard to political opinions of the candidates for filling such vacancies.

Article 7th I name & appoint Wm H Osborne Executor of this my will, and hereby revoke & annul all other & former wills at any time before by me made.

In testimony whereof I hereunto set my hand & seal, & publish & declare this instrument to be my last will on this 31st day of January A.D. 1850 at Billerica.

(Zadoc Howe) Seal)

At the place above named & on the day & year named, the said Zadoc Howe signed & published, sealed & declared the above written Instrument to be his last Will & Testament, in presence of us who have hereunto set our names as witnesses at his request & in his presence & each in the presence of the others, the word "die" page 2d the word "not" same page interlined before signing. John Baldwin. Elizabeth E. Baldwin. Helen Crofs.

Billerica Decr 22 1851. The above is a true copy of the original will, and in compliance with a vote of said Trustees, is hereby certified to the selectmen of the neighboring towns. Attest. Geo H. Whitman, Secretary of Board of Trustees.
